

Classroom Conduct Contract

GRAINGER HIGH SCHOOL ART ROOM

My mission as a Visual Arts Specialist is to provide a respectful environment that honors each student's learning styles, creativity, talent and opinions.

I will provide each art student with artistic skills and knowledge, along with collaborative opportunities inside and outside the classroom.

Each art student will receive ongoing verbal and written feedback on their artistic process in order to make informed decisions on the development of their projects.

Students will be provided with quality art instruction in order for them to meet the State of Tennessee Visual Arts Standards 9-12 and to have an enjoyable art experience.

5. Take care of equipment and be frugal (don't waist) with materials and supplies.

CLEAN UP AFTER YOURSELF !!!!!

The entire room will be clean before any student leaves the room.

Pitch in and help those having trouble with clean up.
