

SHHHHHHHHHHHHHHHHHHHHHHHHHHH/Share

- 1.Pick a column.
- 2.Write or draw on the back.
- 3.Be ready to share with class.

<p>Write a definition of inductive and deductive reasoning which you feel helps you to understand its key concepts, ideas, principles, etc.</p>	<p>Write an explanation to a new student and define what inductive reasoning is and what deductive reasoning is. Explain when and why you use it.</p>	<p>Draw an image(s) to represent to you what is inductive and deductive reasoning. The image(s) should represent and clarify what is most important to understand.</p>
