

Parents of Hamblen County Students,

The NotifyMe service pushes important notifications from your child's school or district offices to your email and/or cellphone. This service is intended to keep you informed in the event of emergency, inclement weather, sports cancellation or other pertinent school information.

It is important that you subscribe to NotifyMe in order to receive these notifications. If you have only one child in the system, it is suggested that you subscribe to NotifyMe on the web site of your child's school. If you have multiple students, you will need to subscribe at each school site to obtain information specific to your child's school. For example, if you have a child enrolled at Alpha Elementary and West View Middle, you would need to go to both school web sites and click on the NotifyMe icon and subscribe. It is suggested that you review and update your subscription each school year.

School subscribers will automatically receive all district messages. However, if you wish to receive district-wide messages concerning inclement weather and the Extended School Program but no information associated with an individual school, you may subscribe from the district web site.

Completely fill out each area that is requested on the subscription application.

Once subscribed, you will receive an email confirmation. This email must be opened. The confirmation link provided within this email must be activated in order to activate your service. Save this email for future reference.

You will also be prompted to activate your text messaging service by clicking a link inside this email. Once this link has been activated a verification code will be sent to your phone. This code must be entered when prompted. When these steps have been completed, your subscription will be active for texts as well.
