

Upcoming Fundraiser Events.....

We are trying something new to raise money for our school instead of actually selling products door to door. These are fun and easy things that do. If these fundraisers are successful, we will no longer need to host brochure, catalog or other sales to raise funds for our school. Please consider helping and supporting these fun events. Below are a few of the upcoming events.

Math In A Jar – November 13 – 17, 2017

During this week, we will have a container of Skittles on display in each of the Related Arts classes. When the students attend Related Arts they will have the chance to view and try to come up with an answer as to how many Skittles are in the jar. The idea is for students to use their math skills to determine how many Skittles are in the jar. They will estimate the total. The cost will be \$1 for solution they submit. They may submit as many possible solutions as they want. We will have 3 winners (1st place, 2nd place and 3rd place). The top three closest “solution finders” will earn a jar of Skittles.

Crazy Sock Day – November 17, 2017

On Friday, November 17th, students may pay \$1 and wear their best crazy socks to school!!!

Festival of Trees – November 20 – December 15, 2017

We will begin assembling the trees in the main hallway the week of November 20th. Each grade level will be given a theme for each tree. Your child’s teacher will give you the theme and instructions on how to help decorate the grade level tree. Once all trees are assembled and decorated, students may begin dropping loose change into the buckets of the tree they wish to vote for. The grade level that wins will win a Device/Game Day! The winning students will spend the day on December 18th playing fun games (at their teacher’s specified time). So be sure to work hard on your ornaments and send in that loose change to vote for your favorite tree!
