

Ready® Mathematics**Lesson 6 Quiz****Solve the problems.****1** Determine if each relationship represents a function.

Choose Yes or No for each relationship.

☐ Yes ☐ No

☐ Yes ☐ No

c.

x (input)	7	5	6	7	8
y (output)	5	2	4	8	6

☐ Yes ☐ No

d. $y = \frac{1}{4}x$

☐ Yes ☐ No

e. $x = y - 1$

☐ Yes ☐ No

Lesson 6 Quiz continued

- 2** Audrey needs to remove one point from the graph shown so it represents a function.

Which point can Audrey remove?

Choose all that apply.

- A** $(5, -2)$
- B** $(-1, 3)$
- C** $(2, -1)$
- D** $(-1, -1)$

- 3** Write a number from the box to complete the table of values to represent a function.

-3	-2	-1	0	1	2	3
----	----	----	---	---	---	---

Input	1	-2		0		3	
Output	-2	-3	-1	3	0	2	1

- 4** Does the equation $y = x$ represent a function? Explain why or why not.
