Math

At Hunter Middle School we use the **TI-34 Multiview** calculator starting in 6th grade. This calculator will be used in each of their math classes through the end of 8th grade math. An investment in a personal calculator will aide your child in class as well as with homework and TNReady testing. These calculators can be difficult to find in stores in August due to high demand. We suggest you either order them online or through the school. Here at school we can purchase the **TI-34** at cost through a supplier for as little at **\$16.19**; however, the more we order the more that price will drop. **Please note at the TOP of your registration form if you intend to purchase a calculator through our school.** The official price will be set based on the number of intended orders marked on the registration forms, and money will be due in August BEFORE the order is made.
