

SAILS Grading Policy

Prerequisite: Senior scoring below 19 on ACT math & planning on enrolling into a higher level institution.

Teacher Contact Information:

Email: jay.jones@hck12.net

Website: Construction in progress

Class Code:

Grading Categories:

Tests: 50% Quizzes: 25% Homework: 15% Daily/classroom: 10%

LOGIN Info: The website to complete assignments is sailstn.mylabsplus.com Students will sign in with their user name and password given by the instructor.

Make-Up Work: When a student is absent, they will need to continue to do homework assignments. You will fall behind if you do not complete the work you miss will you are out. Everyone has a list of the assignments needed to be complete and the due dates. Please make sure you are AWARE of these dates. **NO TESTS ARE TO BE TAKEN OUTSIDE THE CLASSROOM.**

Supplies:

- A three ring binder
- Loose leaf college ruled paper for notes
- Pencils (mechanical pencils work best, less distractions when sharpening)
- Erasers (because we all make mistakes at times)

Calculators (TI-83 Plus, TI-84 Plus, TI-84 CE): The TI-84 plus will be provided **in class only** on a check out system. Each student will be given a numbered calculator, and they are responsible for that calculator all semester. Students are strongly encouraged to purchase their own for after school purposes. If the checked out calculator becomes lost, stolen, or damaged, the student must inform the teacher **before class starts** or the student will be held accountable for calculator malfunction/loss and it becomes your responsibility to pay for the loss or damages in order to replace the calculator.

Casio fx-115ES Plus is also an amazing, much cheaper, calculator that will do most everything the graphing calculator will...except graph, matrices, programming etc. This is a budget friendly calculator.

TI 36x Pro is another amazing, much cheaper, calculator that will do most everything the graphing calculator will...except graph, matrices, programming etc. This is a budget friendly calculator.

Bathroom/Hall Passes: Students are encouraged to use the restroom between classes. Students may use the restroom as needed with the teacher's permission on an **emergency only basis**. Students must sign out before leaving the classroom for **any** reason. The hall pass must be used anytime a student leaves the room. If restroom privileges are abused or used too often, the teacher will restrict restroom passes. Hall passes to other destinations will be issued at the discretion of the teacher.

Classroom Expectations

Some expectations have been discussed in class. The following is only a partial list.

Be Prepared, Be on Task, Be on Time, and keep your phone put away or it may be taken (returned at a later time). Students are expected to come to class daily ready to work. If a student chooses not to work, they will be removed from the SAILS course and enrolled in another senior level math course. You are expected to complete at least one assignment daily. Incentives for Module completion will be given at the teacher's discretion.

I have read the information on this sheet and understand it and will abide by it.
