 - The ACT is not an aptitude or an IQ test. The test questions on the ACT are directly related to what you have learned in your high school courses in English, mathematics, reading, and science. Every day you attend class you are preparing for the ACT. The harder you work in school, the more prepared you will be for the test.
- **There are many ways to prepare for the ACT.**
 - Taking challenging courses in high school is the best way to prepare, but ACT also offers a number of [test preparation options](#) including free online practice tests, testing tips for each subject area tested, and the free student booklet *Preparing for the ACT*.
