A Word from Administration

by Jennifer Littleton

February.....the season of LOVE! Love is all around us. Whether it's between friends, family, or boyfriends & girlfriends, love is everywhere! Love binds us together, brings us closer, and makes us happy. Without love, where would we be? During this season of love, I want to encourage you to tell those around you that you love them. Tell your parents, tell your siblings, and tell your friends daily! I love this quote by Mother Teresa, "Spread love everywhere you go. Let no one ever come to you without leaving happier." So smile more, be happy, be kind, be a friend, tell others you care about them, and most importantly know that YOU ARE LOVED!!

What's the Raptor?

by Kayley Allen

A new system for checking students in and out of school is now in place throughout all schools in Lawrence County. The Raptor Security Program ensures that each and every student enrolled in the Lawrence County School System will be protected. The Raptor requires

identification to be scanned for any individual wishing to enter the school building. Students, make sure that your parents or whoever will be picking you up has the proper identification to be scanned into the system.

Dear Esther

Dear Esther,
I recently started a new relationship with this guy and it's going great! Except his mom seems overly involved. She keeps texting and asking me how things are going. It's really weirding me out. Help!
Much love,
Ready to Run

Dear Ready to Run,
If the relationship is good and it's just the mom, you need to tell him. Tell him it's great he has a mom who cares about him, but she's making you feel uncomfortable. If he's not up for that, tell him she's pushing you away and he may lose you. A relationship is enough with just two people, adding a third party makes things impossibly complicated and no one needs that.
Sincerely,
Esther

Dear Esther,
There's this really sweet guy who keeps asking me out. I'm not that into him, but I've never had a boyfriend or even a date on Valentine's Day, so I'm thinking about saying yes. I just can't stand the thought of another Valentine's Day alone. Any advice?
-Lonely and Desperate

Dear Lonely and Desperate,
If you genuinely want to give him a chance, by all means go out with him! A first date on Valentine's Day, would make the cutest story! If you are just going out with him because he's a date to have on Valentine's Day, don't mess with his emotions. That's not fair to him. Your good time could be his heart break. Being single on Valentine's Day is nothing to worry about! If you need something to do, grab your girls for a night out! Valentine's Day is about showing the people you love, how much you care. What better way to do that than with your girlfriends, a sappy romance movie, and way too much ice cream!
Always,
Esther

February is Dental Health Month. The Lawrence County Health Department recognizes February as a special time to reinforce the importance of good oral health. There are many ways to maintain a healthy mouth and beautiful smile. Here are just a few: brush twice daily and be sure to floss, visit your dentist every 6 months, eat fruits and vegetables instead of candy and sugary snacks, reduce the amounts of sugary drinks-choose water and low fat milk. And remember, the TENNderCare Program provides free dental checkups for children from birth until age 21 who have TennCare. You may access these services by visiting your local health department. If you need help finding a dentist, call DentaQuest at 1-855-418-1622 or visit their website at www.DentaQuest.com .
