12/4/14

Dear Parents and Guardians,

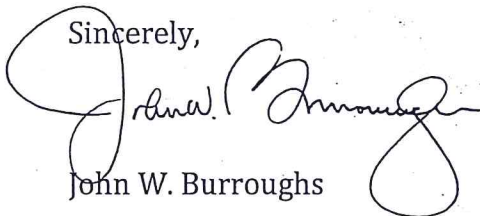

I am pleased to inform you that parents will now be able to monitor students' grades through ParentVUE, the online grade reporting feature of Edupoint, our new student management system. You will find it very similar to Engrade, the program we used for this purpose in the past.

Attached to this sheet you will find your login information. If you have trouble with setting up your account or have other questions, we will be glad to help you.

We regret that ParentVUE could not be opened sooner. The transition to the new student database system has been complex, and it simply was not ready any sooner. We hope that ParentVUE will be a convenient and useful tool for you to help monitor your student's academic progress.

Additionally, your child is eligible to receive a free Office 365 account! Please find the letter from our Director of Schools, Mr. Blevins, with an explanation and information. You may also view this letter on our website: www.mcminnhigh.com.

Sincerely,

John W. Burroughs
