ABSENCES CAN CAUSE CHILDREN TO FALL BEHIND IN SCHOOL

Missing 10 percent (about 18 days per year or 2 days per month) negatively impacts progress in all subjects and grade levels.

Students that miss just a day or two every few weeks may be considered chronically absent.

Regular attendance helps children feel better about school and themselves.

Absences/Tardies can affect the whole classroom in that the teacher must adjust his/her instruction to help those students who are absent/late catch up.

The habit of showing up daily and on time is IMPORTANT. Good attendance helps children do well at RCS, in high school, college, and at work.
