

Coyote Care Team

**...to foster caring and unconditional acceptance for all students
in the AISD School Community**

What we do:

- 1. Welcome new students to our school (introductions, tours, lunch buddies). We hope to encourage Coyote Care Team members to include new students in activities during class, at lunch, and in extra-curricular activities by taking the initiative to invite them to join.**
- 2. Welcome incoming freshmen and provide guidance in their new high school experience.**
- 3. Offer support and understanding to those who need and want it. Our meetings will also include students who wish to benefit from the Care Team and will offer support during meetings.**
- 4. Outreach to promote acceptance and embrace diversity.**
- 5. Promote communication by having key staff available throughout the school for students to seek help and have a safe place.**
- 6. Offer tokens of care to those going through challenging situations.**

How to become a member:

- 1. Simply show up to the Tuesday morning meetings at 7:30 a.m. in the Library.**
- 2. Notify any Care Team Staff member (Identified by the Care Team sign on their classroom/office door) that you would like to join.**
- 3. Contact Mrs. Wood in the counselor's office, or Nurse Hutchinson in the clinic.**
