

Summer Reading Assignment for AP U.S. History

If you have registered for AP U.S. History for the Fall 2015 Semester you must read the first chapter of our text book prior to the first day of class. There will be a test over the reading on the second day of class. You can pick up the reading packet in the Counselor's Office when you register. If you pre-registered you should have already obtained the reading packet from Mr. Slaughter. Instructions are included on the first page of the packet.
