New Student Transfer Information

To: Interested Parent and Student **From:** Scott Higgins, Superintendent
Re: *New Student Transfer Information* **Date:** Released Spring 2017

Information:

Thank you for your interest in the possibility of your son, daughter, or ward attending D'Hanis Independent School District. We are proud of our school and students and want new students and parents who will participate and become involved with D'Hanis ISD and the community as a whole.

Please understand that D'Hanis ISD only accepts students who are in "good standing" in their home school district. Transferring is not a way to skirt academics, attendance, or discipline. But, it is a process in which the student and parent wants to enter D'Hanis ISD and accept its customs and traditions.

Officially you must be informed that should a student be approved as a transfer, the student "must follow all rules and regulations of the District, including those for student conduct and attendance, and that violation of the District's rules and regulations may result in revocation of the transfer."

Process:

Following Board Policy (FDA Local) for transfer requests, a non-resident wishing to transfer into the district shall file an application for transfer each school year with the superintendent. The Superintendent will consider transfer applications, pending Texas Education Agency (TEA) transfer approval.

In approving transfer applications, the Superintendent will consider the availability of space and staff, district program offerings and student academic needs, as well as the student's academic standing, attendance records, and discipline history. With this consideration we expect to find lasting students.

The Superintendent is authorized to accept or reject any transfer request and shall provide notification of approval or rejection.

Application:

Please review the attached process, timeline, and checklist for transfer applications. The District will not consider a transfer application that is not complete. And if approved for transfer, the district will not enroll any student until all paperwork is on file, including the transfer agreement.

The completed application for transfer, required supporting documents, and previous school references will be reviewed and considered prior to acceptance or rejection of any transfer student. Applications will be reviewed according to the district timeline, including notification of acceptance or denial.

D'Hanis Independent School District

TRANSFER AGREEMENT

FOR 2017-2018

This Transfer Agreement establishes the terms and conditions for _____ (“student”) to attend D’Hanis Independent School District public schools (“District”) as a transfer student for the 2017-2018 school year.

The student’s parent or other person having lawful control of the student, _____ (“parent”), requests that the student be permitted to attend District schools and agrees to the following terms and conditions for that transfer:

1. This transfer is approved for the named student only. District approval of this transfer creates no right or expectation that another student from the same family will be admitted as a transfer.
2. The student must maintain acceptable levels of attendance and compliance with District rules and regulations, including the Student Code of Conduct, throughout the entire school year. Acceptable levels are defined as:
 - a. Academic Achievement that does not place the student at risk of losing credit for the year in more than one subject area, or at risk of being retained for the year;
 - b. Attendance that does not place the student at risk of losing credit under Education Code 25.092 or require the District to warn the parent and student of truancy proceedings under the Code.
 - c. Compliance with the District’s rules, including the Student Code of Conduct, such that no offenses result in removal to a disciplinary alternative education program or expulsion, and no more than two referrals are made within a grading period for other misconduct.
3. In accordance with Board policy FDA (LOCAL), the Superintendent may revoke the transfer of a student who fails to maintain an acceptable level of attendance or compliance with District rules and regulations, including the Student Code of Conduct, or may initiate withdrawal of a student whose tuition payments are delinquent. Notice of revocation will be sent to the district of residence.
4. If this agreement is revoked, revocation ordinarily will be effective at the end of a semester; however, the Superintendent has discretion to revoke the transfer immediately if the student’s continued attendance threatens the safety of other students or teachers or will be detrimental to the educational process. If this agreement is revoked for nonpayment of tuition, revocation will be effective immediately.
5. The parent or the student will be responsible for transportation to and from the District school to which the student is assigned.
6. The student and parent acknowledge that eligibility of transfer students for participation in any UIL activity or other activities governed by UIL rules and regulations will be determined in accordance with UIL rules and regulations.
7. Except as modified by this transfer agreement, the student will be subject to all policies, regulations, rights, privileges, and responsibilities of enrollment in the District as if he or she resided in the District.

The District and the parent agree that this transfer agreement is the entire agreement controlling the admission and enrollment of the student in the District for the 2017-2018 school year.

AGREEMENT
BETWEEN DISTRICTS

The Board may, by means of a mutual agreement with the board of an adjoining district, transfer any student to the jurisdiction of that adjoining district. All transfers shall be made pursuant to the requirements of Education Code 25.032 through 25.034. The Board, together with the board of the adjoining district, shall agree to the transfer of school funds proportionate to the transfer of attendance when such interdistrict transfers are made. *Education Code 25.035*

INITIATED BY
STUDENT OR PARENT

Any student, other than a high school graduate, who is under 21 years of age and eligible for enrollment on September 1, may transfer to another Texas district, provided that both the receiving district and the applicant's parent, guardian, or person having lawful control agree in writing to the transfer. *Education Code 25.036* [See also FD]

BASIS FOR TRANSFER

The Board or its designee must make transfer decisions on an individual basis and may not consider as a factor in arriving at any decision regarding assignments any matter relating to the national origin of the student or the student's ancestral language. *Education Code 25.032* [See FDAA]

FUNDING FOR
TRANSFERS

Upon the filing and certification of any transfer, the state per capita apportionment shall transfer with the student. For purposes of computing state allotments to districts eligible under the Foundation School Program, the student's attendance prior to the date of transfer shall be counted by the sending district and the student's attendance after transfer shall be counted by the receiving district. *Education Code 25.037*

TUITION

The District may charge a tuition fee to the extent that the District's actual expenditure per student in average daily attendance exceeds the sum of state available school fund apportionment benefits transferred to the District under Education Code 25.037. However, unless a tuition fee is prescribed and set out in a transfer agreement prior to its execution by the parties, no increase in tuition charge shall be made for the year of that transfer that exceeds the tuition charge, if any, of the preceding school year. *Education Code 25.038*

TUITION FOR
EDUCATION
OUTSIDE DISTRICT

Home districts that do not offer each grade, kindergarten–grade 12, shall pay tuition to the District if they have a contract to educate students in grades not taught in the home district. If the home district has contracted for students to attend another district(s), it shall not be required to pay tuition to any district with which it has not contracted. A contract under this section may not be for a period exceeding five years.

The amount of tuition paid may not exceed the greater of:

1. The amount by which the District's actual expenditure per student in average daily attendance exceeds the sum the District receives from state aid sources, as provided by Education Code 25.037. However, the District may not charge more than the tuition charge for the preceding school year unless a tuition fee is set out in a transfer agreement; or
2. The calculated tuition limit specified by Commissioner's rule.

Under the Commissioner's rule, tuition charged to the home district for a transfer student in payment for that student's education may not exceed the District's calculated tuition limit. The calculated tuition limit applies only to tuition paid to the District for the education of a student at a grade level not offered in the home district.

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee as calculated in accordance with 19 Administrative Code 61.1012(b).
