

Mrs. Shankle's Class Newsletter
May 13 -17, 2019

Upcoming Events:

Thursday, May 16: Math SOL Test

Our Class:

This week, students will review geometry and other math skills to prepare for the math SOL test.

Daily assignments:

Scholastic News Article: Perfect Pet, Moon Exploration

ReadWorks.org: Pollinators and other science passages

Phases of the Moon: We will complete a Performance Based Assessment while watching Generation Genius Video and completing an activity.

Writing: Students will begin to write a final essay on their favorite science topic to save in a google portfolio. Writing samples might include a letter to a famous scientist, a story about space travel, or the description of the perfect habitat.

Thank you for all of the wonderful flowers, cards and gifts that I received from students and their families during teacher appreciation week! I felt so appreciated.

Mrs. Shankle
