Parents—We need your help! In order to better serve the youth of the community, we are working on a thorough child count campaign! We need to know how many children age 5 and under live in our community. Please take a moment to tell us about your family anonymously and return to any RCPS office or the agency where you received the flyer. Thank you so much for your help!

Please fill in the chart below for each child in your household age 5 and under:

Age of child	Number of children in each age group	Birthdate of child
Expecting-12 months		
1		
2		
3		
4		
5
