

May 7, 2019

Parents,

The school year is coming to an end, can you believe it?
Thanks for making sure your child has all of his/her library
books returned to the library by May 17, 2019.

Encourage your child to read over the summer. Children who
don't read over the summer tend to lose literacy skills while
children who do read during the summer actually improve their
reading ability. Summer learning losses accumulate over
several years and are an important contributor to the
achievement gap. So have your child grab a book, or two, or
three...and READ!

Wishing you a wonderful and relaxing summer,

Amy S. Wayland
