

Attention Parents

Merry Christmas and a Happy New Year to you and yours!

We are in the season of flu and viruses. Students may need to be picked up from school if they become ill. Please do not send students to school if they have a temperature of 100 degrees or above. It is a violation of our medication policy to send any kind of medication to school with students. This includes over the counter medications including cough drops. If students have these they will be sent to the clinic, and the medication will be placed in the clinic until a parent comes to pick the medication up.

VERY IMPORTANT!! Please update current phone numbers and contact information, and make a plan for your child to be picked up from school in the event of illness or injury. We must be able to contact parents in the case of an emergency.

Thanks so much,

Linda M. Torrance, BSN,
NCSN School Nurse RCPS
