To whom it may concern

A.B.A.T.E of WA. Lewis County Chapter is an organization that helps fight for motorcycle laws and motorcycle safety.

We are also an organization that is passionate about helping our community like food drives, toy drive, delivering Christmas gifts to the women's shelter. The one that we are most proud to participate in is our Scholarship program. This is for graduating High School seniors in our rural community of Lewis County. We look for Seniors that have tried real hard but just have not achieved above a 3.2 GPA. They do not have the grades or funds to attend a college or University. We sponsor 8 seniors, one from each high school. We send these seniors to a Technical school or the community college. The program of their choice.

All kids deserve a bright future.
