

Albertville High School is a Title 1 School.

- Being a Title 1 School means that we receive federal funding to supplement our existing programs.
- We use these dollars to identify students that are experiencing academic difficulties and provide assistance.
- Purchase staff/programs/materials/supplies
- Conduct parental involvement meetings/activities
- Hire and retain highly qualified teachers – all AHS teachers are highly qualified and meet the qualifications of a High School teacher

AHS has a Title 1 Plan which addresses how we use Title 1 funds- in this plan topics include:

- Student academic assessments
- Additional assistance for struggling students
- Additional school programs that include the migrant, pre-school choice, and supplemental educational services
- Parental Involvement Strategies

You as a parent have a right to be involved in the development of this plan.

AHS has a Continuous Improvement Plan (CIP) which includes:

- Needs assessments and summary of data
- Goals and strategies to meet academic needs of students

- Professional Development
- Coordination of budget
- School's parental involvement plan

You as a Title 1 parent have the right to be involved in the development of this plan and if you have any suggestions for this plan, please contact the school.

Included in this CIP plan is our Parental Involvement Plan which includes these components:

- Parents being involved in decision-making
- How parental involvement funds are used
- How strong parental involvement will be built
- How information and training will be provided to parents

AHS has a Title 1 Parent Advisory Committee – if you would like to serve on this committee please contact Paul McAbee 256-894-5000 or pmcabee@albertk12.org

Thank you,

Albertville High School
