

9.10 - Parent Organizations and School Support Groups

Parent Organizations and School Support Groups

PARENT ORGANIZATIONS AND SCHOOL SUPPORT GROUPS 9.10

- Each Alexander City School System principal is encouraged to cooperate with parent and school support groups. The school principal shall be responsible for forming and assisting organizations which are desired and necessary for the school program. Such organizations shall be kept active by the school principal for the duration of their need and encouraged to maintain accurate financial and activity records.
- Parent-Teacher Groups – The Alexander City Board of Education considers parent-teacher groups as auxiliaries to the public schools and not as “outside” groups. Whenever a local parent-teacher group is formed, it shall be permitted to hold its regular meetings in the school building, and it shall be the duty of the principal and the teachers of the school to further the work of the group in every way practicable. Meetings of these groups may be held in the school building with the permission of the school principal without the necessity of the lease required of “outside” groups.
- Booster Clubs – It shall be the policy of the Alexander City Board of Education to work with and encourage the support of band, academic, and athletic booster clubs.
- All booster club activities shall be authorized by and coordinated with the school principal.
- All booster club funds are to be a part of the local school’s finances, and, as such, shall be accounted for by the school principal. All purchases shall be approved by the school principal.
- All decisions concerning personnel employed by the Alexander City Board of Education shall be strictly reserved as an Alexander City Board of Education matter and shall not be the prerogative of booster clubs.
- Any person paid solely by a citizen group must be approved by the Alexander City Board of Education prior to being permitted to work with students in the local schools.
- The Alexander City School System administration shall appoint a federal program advisory council, a career-technical council, and other appropriate parent advisory committees/councils as needed.
