

### Private Lesson Enrollment Form

We are very fortunate here at Alvord Middle School to be able to provide private lessons for every band instrument. We have a fantastic private lesson staff who are specialists at their instruments and have dedicated their time to perfecting their performance skills and teaching their respective instruments. Some of our private lesson teachers have graduate and doctoral degrees in music, have made professional recordings, and even performed professionally in symphony orchestras!

We highly recommend private lessons for all students who exhibit self-discipline and are serious about getting better at their instruments.

Private lesson teachers are not employed by Alvord ISD but rather are considered "contracted services" which students/parents pay directly. Every private lesson teacher has passed a complete background check.

Students enrolled in private lessons usually take one 30-minute lesson per week. The cost is \$15.00 per 30-minute lesson and lessons may be taken before or after school as the teacher's schedule allows.

We are able to provide private lessons because of the number of students we have in our program who are interested in taking them. Therefore, it is important that students and parents make their best efforts to attend lessons and pay in a timely manner. If you know that you are going to be absent on the day of a lesson, it is your responsibility to contact your private lesson teacher at least 24 hours in advance. If you fail to do so, then you are still responsible for paying for the lesson.

Please only indicate an enrollment in lessons if you intend to take at least 6 weeks worth of lessons.
