

“Empowered to Dream, Believe, Achieve!”

APA’s mission is to provide a safe, interactive, learner-centered environment that cultivates students’ creativity and use of persistent effort to achieve their goals.

Our mission begins with the development of genuine love for students, building relationships, and nurturing a calm, curious, observant and problem-solving spirit.

We want our students to observe their own intelligence by empowering them to:

Dream, Believe, and Achieve!!!

We invite our parents, family members, and the community of Galveston to embrace our mission and quest in helping APA to achieve our goals.

Sincerely and grateful to serve our children,

Dr. Patricia Williams
Superintendent
Ambassadors Preparatory Academy
