Anadarko Public Schools Foundation

# APS Foundation Goal

Nothing is more important to our community than our children's future! The Anadarko Public School Foundation was formed to give our children the resources they need to prepare to be successful for life. It's the Warrior Way, helping to develop the leaders of tomorrow while investing in their needs today.

While we are working to build an endowment for our foundation, our community's children have immediate needs that we want to address so that we can have an impact day one of the next school year. We are focused on rewarding excellence in the classroom, educational improvements through programs and instructional resources and providing positive re-enforcement and encouragement to the students.

Anadarko Public Schools Foundation is a 501(c)(3) Non-Profit Organization and all donations are tax deductible.
