Berlin Township School District is located in Camden County, outside of Philadelphia, PA. Parents and Community members are encouraged to be involved in many exciting initiatives. PEACE is our parent organization which brings much support to our school community.

The district's many current initiatives include: 1) implementing Pearson's K-5 enVision math program that is aligned to the New Jersey Student Learning Standards, 2) district-wide Positive Behavior supports program, 3) district- wide Response to Intervention program, 4) further enhancing our literacy program with the use of programs such as Foundations, Just Words, Wilson, Guided Reading, Units of Study Writing Program, Accelerated Reader, and 5) Professional Learning Communities to allow the staff to solve problems, conduct research, and refine best practices within their teaching. Berlin Township Schools is moving towards providing more opportunities for the 21st Century Learner by reducing the computer to student ratio across the district and purchasing chrome books for student use. At the present moment we have Chrome books for all 2<sup>nd</sup> – 8<sup>th</sup> grade students to be used in school daily as well as SMART Boards in each classrooms, computer labs and computers in our media centers.

| <b>District Choice Policies</b>  |                |
|--|----------------|
| a. The district accepts Tier 2 students.   | Yes            |
| b. The district gives enrollment preference to students who have a sibling currently attending the choice district, provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria.  | Yes            |
| c. The district gives enrollment preference to choice students who have completed the terminal grade of the sending district (i.e., students who attend a choice district with grades that terminate before 12th grade and with a natural progression to this choice district).  | Not Applicable |
| d. The district gives enrollment preference to resident students who move <u>before</u> the application deadline. If resident students move and file choice applications for the following year prior to the deadline, the district will give them enrollment preference (i.e., accept them ahead of other applicants), PROVIDED that there are choice seats available in the choice-approved grades/ programs and the students meet any program specific criteria. <i>If the district has already reached its approved choice enrollment maximum, this preference will not apply.</i> | Yes            |
| e. The district gives special consideration to resident students who move <u>after</u> the application deadline. Students in this situation may apply as late applicants, PROVIDED that there are choice seats available in the choice-approved grades/programs and the students meet any program-specific criteria. <i>If the district has already reached its approved choice enrollment maximum, this special consideration will not apply.</i>   | Yes            |

**TRANSPORTATION NOTE TO PARENTS:**

***Transportation of choice students is not guaranteed. If a student is eligible for transportation (within 20 miles of the school) and the cost will exceed \$884, the parent/guardian will be given \$884 as aid in lieu of transportation and, in some cases, the option of receiving the transportation and paying the additional amount over \$884. By Aug. 1, 2019, parents should receive notification of their transportation options from their resident district. For more information, read the [Transportation Procedures](http://www.state.nj.us/education/choice) for choice students located on the state department website: <http://www.state.nj.us/education/choice>.***

**Tier 1 students** are students who are enrolled in a NJ public school in their resident school district during the time of application and for the entire year (2018-19) immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, he/she is also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a state-funded preschool in his or her resident district or a student resides in a district that does not offer a state-funded preschool program or a student has a sibling currently attending the choice district. Most students applying for kindergarten are in Tier 1.

**Tier 2 students** include NJ residents who have not attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do not otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. Choice districts are not obligated to accept Tier 2 students. If a choice district accepts Tier 2 applicants, they may do so only after all of the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
