NICK CARTER, SUPERINTENDENT
JAYME D. KNOCHEL, ASSISTANT SUPERINTENDENT

The 2019-20 School Year is off to a great start and moving right along. Midterm progress reports will be going home with all of our students the week of September 2nd, and we encourage all parents/guardians to contact school officials if there are any questions. Ensuring our students have a terrific, academic start to the school year is a top priority throughout the school district.

Dreaming Big in Breckinridge County

The future for our students in the Breckinridge County School District continues to be as bright as ever thanks to a wonderful community. Our community continually invests in the educational opportunities of Breckinridge County children. As a result, we have students at Breckinridge County High School earning over 1,500 college credit hours annually. Students in the school district are provided opportunities at a young age to visit the Breckinridge County Area Technology Center (BCATC), a Community and Technical College, and a University. There are currently 13 career pathways offered at BCHS and the BCATC with an increasing number of work-based learning opportunities available. Work is being done to start new Financial Services, Coding, and Industrial Maintenance career pathways by the beginning of the 2020-21 school year. Breckinridge County children are highly talented and motivated to soar into the 21st century global workforce. We must continue to dream big in Breckinridge County and provide every opportunity for our children to best prepare for the challenging and complex global workforce and economy that awaits them. Please feel free to contact our District Transition Readiness Coordinator, Mr. Jon Miller, at jon.miller@breck.kyschools.us if you have any questions.
