

## Notification of FERPA Rights

The Family Education Rights and Privacy Act (FERPA) affords parents and “eligible students” (students over 18 years of age or students who are attending a postsecondary institution) certain rights with respect to the student’s education records. They are:

- 1) ***The right to inspect and review the student’s education records within forty-five (45) days of the day the District receives a request for access.***

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

- 2) ***The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.***

Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) ***The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.***

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

## Notification of FERPA Rights

Upon request, the District shall disclose education records without consent to officials of another school district in which a student seeks or intends to enroll or to other entities authorized by law.

- 4) The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard, and the Kentucky Army National Guard.

Unless the parent or eligible student requests in writing that the District not release information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters upon their request.

5. ***The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.*** The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
