

## School Climate Survey Parent Notification

June 11, 2018

We are always striving to make the Brigantine Public Schools a safe and welcoming environment for students. In order to accomplish this task, we need to know how our students, parents, and staff feel about our school. We will be conducting an online survey beginning on June 13.

It is not a test, and there are no right or wrong answers. The survey is confidential. Students will complete this survey during a designated time in school. If you have any questions or concerns about the survey, or if you feel strongly about your child's responses not being included in the results, please feel free to contact me. Student participation is voluntary and students can withdraw from the survey process at any time. If you would like to review the student survey, you may obtain a hard copy from the main office.

We would also like your input. The link to the Parent survey is listed below. It can also be found on the main page of our district's Web site. Please note that there is a separate survey for each school so if you have students in both buildings, please complete both surveys. Each survey should only take about 5 minutes.

**Middle School Parent Survey:** <https://www.surveymonkey.com/r/PFBXCVI>

The information that is obtained will be reviewed by the School Safety Team in an effort to identify areas that we can improve upon and strengthen our school's climate. The input from you and your child is critical to the success of our school. Thank you for your cooperation.

Sincerely,

*Kathleen M. Fox*
