

Twin Valley High School School Safety Assembly

Buchanan County Public Schools Superintendent, Melanie Hibbitts along with Sheriff Ray Foster visited with the students at Twin Valley High School on Monday March 5, 2018. The students and faculty were enthralled as Sheriff Foster talked with them about school violence, the risks of bullying, and the legal consequences associated with such actions. Sheriff Foster made it clear that he would not be deterred in his effort to punish such offences and encouraged the students "if they see something, say something".
