

HURLEY ELEMENTARY MIDDLE SCHOOL PROVIDES STUDENTS OPPORTUNITY OF A LIFETIME!

SOLAR ELIPSE 2017

August 21 was filled with fun learning activities, treats (Sunny D and Moon Pies), and enthusiasm as the students of Hurley Elementary/Middle School anxiously awaited the countdown for the Solar Eclipse.

Students from grades 2-7 had the opportunity to view the eclipse with special approved eclipse glasses provided by Seth McGlothlin and the Virginia States Park Service. Younger students and those who did not wish to participate were able to watch NASA's live streaming in the auditorium.

A moment of awe hovered all around as the excited students witnessed the first solar eclipse to cross the North American continent from ocean to ocean since 1918.

What a WONDERFUL day!

Thanks to the Buchanan County School Board and for allowing us this opportunity!
