

Twin Valley High School - Golf Conference & District Champs!

TVHS golf team won both conference and district titles during the 2016 season. They competed in ten regular season matches, scrimmages, and practiced passionately during the summer months. There were many times throughout the season these golfers “medaled” individually meaning one of the golfers had the best score out of all individuals competing in a match. Their comprehensive team score continually thrust them to victory against their competitors during regular season matches and the conference play-off. All of these golfers have been offered scholarships to continue playing at the college level. We are very proud of them!
