Twin Valley High School presents "Hocus Pocus"

Just before Halloween, the Twin Valley High School Drama Team performed the fall play, Hocus Pocus, and had a very bewitching time. The cast and crew, including thirty-six students, performed drama, high speed action, humor and dance. The actors and actresses, in this play, had to be in shape as spells were cast, cauldrons and brooms went flying and party-goers danced in a trance. The play was in such high demand that five additional performances were completed, before the witches finally hung up their hats.
