- Highest percentage passing and exceeding in BCSS history in Reading, Science, and Social Studies
- This is the last year of the CRCT. Next year’s program will be EOG and EOC exams. Test scores across the state are expected to decline dramatically due to more rigorous tests.
- Summer Retakes Preliminary Data (Grades 3, 5, and 8):
  - 62% passing—Reading
  - 54% passing—Math (increase over last year’s summer data of 35% passing)
