Global Connections Study Abroad

# THAILAND

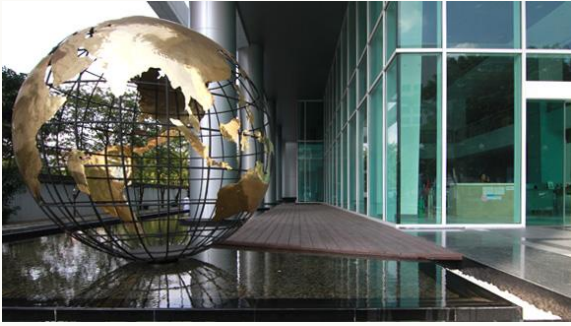

In Cooperation with

The University of Mary  
Hardin-Baylor

Spring Semester

2013

# “LAND OF SMILES”

Students will study at Sripatum University's International College. Established in 1970, Sripatum is one of Thailand's finest private universities. Accredited by the ISO in 2002, the university was named by Her Royal Highness Princess Mother.

The International College is housed in a “green” state-of-the-art classroom building. Technology reigns, as an integral part of every course, and students will benefit from the integration of study and IT.

The Thai culture and language are rich learning experiences for each student along with the delicious Thai cuisine. Pack your bags for the best of Thailand.

Students will stay across from the campus in a safe and secure Thai boutique hotel, Phahonyothin Park Place. Two students per room will have access to internet, daily breakfast, and cleaning service with fresh towels and linens. Laundry will be individually arranged.

## HOW CREDITS TRANSFER :

All students participating in the Bangkok semester will register at their home campus and will link through CGE to the UMHB/Sripatum GCSA program. UMHB, as the Flagship university, will receive the transfer documentation from Sripatum University and send to each Registrar for a transcript to be issued by their home campus. University of Mary Hardin-Baylor has qualified the courses and faculty to meet accreditation qualifications. Students should arrange for credit transfer and course substitutions with courses at their home universities as they enroll and before taking classes at Sripatum University. For more information please contact Dr. Jim King at UMHB, [jking@umhb.edu](mailto:jking@umhb.edu)
