The Sandy Run K-8 family is growing and progressing forward. All stakeholders are an integral part of our students' success. For the 2017-2018, the School Improvement Council members have worked diligently to enhance an authentic learning environment. The Lowe's Playground Grant provided a state-of-the-art equipment piece for the primary grades.. Secondly, the front entrance is adorned with seasonal flowers and wreathes and creative decorations that welcome all to our school. Also, benches were purchased for the Clemson extension pond, hence students can complete assignments and conduct scientific inquiries in their "outdoor classroom." Lastly, in June, the SIC hosted a ribbon-cutting ceremony and reception for all stakeholders to honor those aforementioned "outdoor classroom" improvements plus newly renovated, engraved, donated bricks enhancing the beauty of our pond. We make everyday a wonderful day by showing-off our Gator Pride.
