

**REQUEST FOR NOTIFICATION BEFORE NON-EXEMPT PESTICIDE APPLICATIONS**

I am writing to request notification of non-exempt pesticide applications at \_\_\_\_\_ and or other site where I am employed by the school district.

I understand that I can request 72 hour advanced notification for pesticide applications at the relevant school or other non-school site, both indoor and outdoor pesticide applications, and including applications planned for summer recess, holidays, weekends, or after school.

Pesticide products exempt from notification requirements include: antimicrobial cleansers, disinfectants, self-contained baits and crack-and-crevice treatments and any pesticide products classified by the United State Environmental Protection Agency (EPA) as belonging to the US EPA Toxicity Class IV, "relatively nontoxic."

In addition, I understand that should a pest control emergency require a pesticide application for which there is not adequate time to notify me 72 hours in advance, I will receive a notice of emergency pesticide use less than 72 hours, or as soon as possible after the emergency application.

I am requesting notification of pesticide:

Name of student/students or employee:	
I would like my notification to be (please check one):	
<input type="checkbox"/> Phone	Home Phone:
	Work Phone:
	Cell Phone:
<input type="checkbox"/> Email	Email Address:

I understand that it is my responsibility to maintain communication through the means I have designated above, and that the school is required to try and contact me only once about a pesticide application. If I do not receive the notification because my voicemail or answering machine are full or not functioning; or because my email account is not functioning, over quota, or notification from the school is auto-filtered as spam; it is my responsibility to correct the problem. Though they will attempt to alert me to the issue, the school system is not liable.
