

Chilton County Schools Winter Sports Plan-Basketball

Due to the ongoing health crisis with COVID 19, the following guidelines will be followed by Chilton County Schools in order to adhere to CDC, ADPH, and social distancing guidelines:

- Gym capacity will be 50%. Each school will determine capacity based on gym size.
- Pre-sale tickets will be made available to each student athlete (basketball player and cheerleader) for two tickets.
- All other tickets will be sold to the general public in a method to be shared by the school.
- School system employee badges for the host school will be allowed free pass. Each school will set up their own notification system in their school. No other school system employee passes will be allowed. In addition, Alabama High School Athletic Association cards will be honored.
- No Passes Out – once you exit, you are not allowed to return unless you purchase a new ticket.
- We will keep a hand count for capacity and once half capacity is reached, no one will be allowed in until someone exits. Tickets will be available at the door if and when ticketholders exit and reduce capacity.
- Each individual school will provide details relevant to their school.

We reserve the right to make modifications and changes as we deal with the ongoing health crisis. Thank you for your understanding and patience as deal with these unprecedented times and the challenges this health crisis presents.
