2016 Christian County Public Schools Comprehensive District Improvement Plan

Overview 23

Goals Summary 24

Goal 1: 2016 Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities.

STRATEGIC PLAN GOAL 2	25
Goal 2: 2016 Christian County Public Schools will increase its combined reading and math proficiency from 43.5% in 2015-2016 to 71.4% by 2019 as measured by state assessment results. STRATEGIC PLAN GOAL 1	32
Goal 3: 2016 Christian County Public Schools will increase the number of non-duplicated gap students scoring Proficient/Distinguished as follows from: 39.3% to 49.3% for elementary; 33.1 to 44.3% for middle; 31.8 to 44.2% for high by May 2017 STRATEGIC PLAN GOAL1	51
Goal 4: 2016 Increase the percentage of students deemed college and/or career ready from 65.3 to 69.6% by 2017 as measured by the Unbridled Learning College and Career Readiness formula. STRATEGIC PLAN GOAL 1	55
Goal 5: 2016 Collaborate to increase district 4-Year Adjusted Cohort Graduation rate from 92.2% to 93.2% by 06/30/2017 as measured by the graduation formula in Unbridled Learning. STRATEGIC PLAN GOAL 1	60
Goal 6: 2016 Decrease the percentage of students scoring novice in READING at elementary from 28.6% to 24.9%, middle from 29.4% to 25.6%, and high from 41.5% to 36.2%; MATH-- elem. from 22.4% to 19.5%, middle from 25% to 21.6% and high from 31% to 27.1%.	64

Introduction

The following Kentucky Department of Education resources should be referenced to assist in the development of Comprehensive School and District Improvement plans. Each document outlines the purpose and characteristics of effective plans by component.

Needs Assessment: <http://education.ky.gov/school/csip/Documents/Effective%20Needs%20Assessment.pdf>

Goals: <http://education.ky.gov/school/csip/Documents/Effective%20KBE%20Goals.pdf>

Objectives: <http://education.ky.gov/school/csip/Documents/Effective%20School%20Objectives.pdf>

Strategies: <http://education.ky.gov/school/csip/Documents/Effective%20Strategies.pdf>

Activities: <http://education.ky.gov/school/csip/Documents/Effective%20Activities.pdf>

Executive Summary: <http://education.ky.gov/school/csip/Documents/Effective%20Executive%20Summary.pdf>

KDE encourages the use of the 30-60-90 day plan template as schools incorporate and monitor the goals, objectives, strategies and activities specified in the Comprehensive Improvement Plan.

Phase I - Equitable Access to Effective Educators District Diagnostic

Introduction

National data show that poor and minority students, English Language Learners and students with disabilities continue to be taught more often than their peers by inexperienced, out-of-field or ineffective teachers. As a result, the United States Department of Education (USDE) required states to develop equity plans and use evidence based strategies to address this issue. Kentucky's plan is focused on teacher preparation; recruitment, hiring and placement of teachers; providing supports for on-going, job-embedded professional learning; and strategies to retain teacher and leaders.

All districts and schools in Kentucky are required to identify barriers and develop strategies to address these issues to achieving equitable access to effective educators for students most at risk. This is being incorporated within the Comprehensive District and School Improvement Plans. This diagnostic should be used as tool for identification of barriers and a catalyst for development of strategies that will result in novice reduction for gap closure. Strategies will be incorporated into the Comprehensive District Improvement Plan.

Kentucky's Plan Submitted to U.S. Education Department

Equitable Access to Effective Educators - District

Label	Assurance	Response	Comment	Attachment
District Equity Data (1)	<p>Complete the District Equity Data tab for this diagnostic. Include at least one other self-selected indicator for consideration. *Self-selected data could come from a variety of sources. It should be relevant to the needs of the district. Examples could include: principal, teacher or student demographic data; percentage of National Board Certified Teachers or Advanced Degrees; teacher or principal effectiveness data; TELL results; turnover data. **The district should complete the information in the chart ONLY for the subgroups reported in the School Report Card where the data has been suppressed to protect student identification required by the Family Educational Rights and Privacy Act (FERPA). Follow the steps below:</p>	I acknowledge that I have uploaded the District Equity Data.		Christian County

Provide a brief analysis the of district data from the chart. Include any trends, note-worthy data points or perceptions the data has provided related to equitable access to effective educators.

All district polices and or procedures are aligned with the Kentucky Revised Statutes. The goal of Christian County Public Schools is to ensure highly effective teachers who hold the correct Kentucky certification. The district will ensure teachers receive adequate professional development and mentoring programs to increase teacher retention.

Christian County currently has 17% of teachers with 1-4 years of teaching experience. The district has 8% of teachers completing KTIP during the 2016-2017 school year. School administration assigns teacher mentors for new teachers in the district that are not a part of the KTIP process. This practice in many cases is an outgrowth of the PLC process. Teacher support is a main focus of retention strategies. The first step in giving new teachers the tools necessary to be successful in the classroom. Onboarding includes giving teachers the tools necessary to be successful on the first day of school. Topics covered are the Professional Growth and Effectiveness System, Positive Behavioral Intervention & Supports, Infinite Campus, CIITS, Technology and Restraint/Seclusion. During the 2016-2017 school year an additional day of training will be added. The training will encompass an overview of district instructional practices.

The data shows that lower performing schools have higher teacher turnover rates. A district emphasis will be placed on tracking schools turnover rates with exit interviews to determine why turnover is occurring.

The district utilizes human resource data to analyze the district and school hiring needs. Data regarding teacher performance, working conditions, retention, attrition and student population growth are examples of data that will be utilized. After data has been analyzed a specific recruitment plan that addresses certification needs is developed.

Currently 65.1% of teachers in Christian County have completed advanced degrees. Trend data shows that only 1.97% of teachers have received National Board Certification. This is an area of growth and development that will be addressed in CDIP and in goals and strategies related to the district Strategic Plan.

Of the district's 39 principals and assistant principals, 33.3% have 0-3 years of experience. Principals receive assistance through Administrator Academies, Assistant Principal Academies, and Collaborative Planning sessions.

After the data analysis is complete, the district will then identify the barriers (challenges) for some of the identified trends. An identified barrier, for example, could be higher teacher turnover in priority schools as compared with non-priority schools. Once the barriers have been identified, then root causes of why the barriers exist will be included.

Barriers:

- Teacher preparation to meet diverse learner needs
- Number of first year KTIP Teachers
- Teacher retention rates
- Number of highly qualified teacher applicants in critical shortage areas
- Teacher transfers within the district
- Teachers leaving the profession
- Decline in individuals entering the teaching profession

Root Causes:

- Teacher preparation programs
- Number of highly qualified teacher applicants
- Perception of Christian County Public Schools
- The number of highly qualified middle and high school content area teachers
- The district uses a variety of recruitment strategies at regional, state, and out of state universities. The district has been successful at hiring and retaining elementary teachers. The hiring and retention of secondary teachers is limited due to the lack of highly qualified applicants.
- Quality of highly effective candidates
- Lower performing schools have higher teacher turnover rates

Comprehensive District Improvement Plan

Goal Setting (4)	<p>Complete the District Equity Goals tab for this diagnostic. Include at least one other self-selected indicator for consideration.</p> <p>*Self-selected data could come from a variety of sources. It should be relevant to the needs of the district. Examples could include: principal, teacher or student demographic data; percentage of National Board Certified Teachers or Advanced Degrees; teacher or principal effectiveness data; TELL results; turnover data.</p> <p>**The district should complete the information in the chart ONLY for the subgroups reported in the School Report Card where the data has been suppressed to protect student identification required by the Family Educational Rights and Privacy Act (FERPA). Follow the steps below:</p>	I acknowledge that I have uploaded the District Equity Goals Data.		CC Equity Goals

Strategies and Activities Equitable access to effective educators must be reflected in the Comprehensive District Improvement Plan. Strategies could include, but are not limited to, recruitment; hiring and placement of teachers and/or students; providing supports for on-going, job-embedded professional learning to improve teacher and leader effectiveness; and strategies to retain teacher and leaders, particularly in high needs schools. Once implemented, these should assist the district in meeting the goals set in the previous section. If there are strategies and activities within one of the five major goals of the CDIP, which adequately addresses equitable access, the district may select the appropriate goal, objective, strategies and activities.

OR

The district may create a new goal to address equitable access to effective educators. Once a new goal has been created, the district will need to include appropriate objectives, strategies and activities.

The district may choose to provide an optional narrative response to include any additional information, but this is not required.

Goal 1:

All students in Christian County Schools will be taught by highly effective teachers in school led by highly effective leaders as measured by the Professional Growth and Effectiveness System.

Measurable Objective 1:

collaborate to implement the Professional Growth and Effectiveness System by 10/15/2014 as measured by creation and implementation of a district Certified Evaluation Plan.

Strategy1:

Professional Growth and Effectiveness System - District personnel will coach members of the Curriculum Leadership Team (principals and coaches) in effective instructional practices for school level implementation through a Professional Learning Community (PLC) process. An intentional focus will be on Kentucky's adopted version of Charlotte Danielson's Framework for Teaching which will be among the criteria for teacher evaluation. Principals and Assistant Principals will receive training in the framework and how to evaluate and observe using the framework. The District will provide training for principals that will enable them to introduce certified instructional staff to the framework and then deepen that knowledge as teachers migrate to the new system.

Comprehensive District Improvement Plan

Christian County

Category:

Research Cited:

Activity - Quality Instruction	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
District personnel will coach administrators and curriculum leaders in the use of the elements of effective instruction (Danielson's Framework for Teaching) for school implementation in PLCs.	Academic Support Program	08/01/2012	05/31/2013	\$6000 - District Funding	Chief Instructional Officer, Chief Administrative Officer, Instructional Supervisors, School Liasons.

Strategy2:

Certified Evaluation Plan - A committee of stakeholders will be selected to develop a district Certified Evaluation Plan based upon required components established by the Kentucky Department of Education that provides relevant feedback to all staff, including teachers, principals, instructional coaches, counselors, and district level staff.

Category:

Research Cited:

Activity - Evaluation Committee	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
A committee of stakeholders will create Certified Evaluation Process and Procedures that provides relevant feedback to all evaluatees and that is in alignment with requirements and guidance from the Kentucky Department of Education.	Policy and Process	12/12/2013	12/15/2014	\$500 - General Fund	Chief Administrative Officer

Goal 2:

Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities.

Measurable Objective 1:

collaborate to develop, implement, and monitor a district-wide continuous improvement process by 06/30/2016 as measured by a 30 - 60 - 90 day plan. IMPROVEMENT PRIORITY 6.

Strategy1:

Classroom-level Instructional Improvement - Christian County Public Schools will utilize the DMAIC Continuous Improvement Model.

Category: Continuous Improvement

Research Cited: Six Sigma

Comprehensive District Improvement Plan

Christian County

Activity - Positive Behavior Intervention Supports	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will be supported in implementing PBIS to establish a climate in which appropriate behavior is the norm and learning can occur unimpeded.	Professional Learning Academic Support Program Behavioral Support Program	07/01/2015	06/30/2016	\$0 - No Funding Required	District Discipline Supervisor

Measurable Objective 2:

collaborate to create an educational culture of continuous growth through shared partnerships and responsibilities by 06/30/2016 as measured by various measures established in the CCPS Strategic Plan.

Strategy1:

Positive Behavior Intervention Supports - STRATEGIC PLAN GOAL 2 - Academic failure is a major predictor of inappropriate behavior and other adjustment problems and needs to be explicitly, and consistently addressed as part of an effective and comprehensive school program. As such, schools need to be accountable for improved student behavior incorporating intervention strategies to address student needs. The approach would mirror the system used to address student achievement and academic needs. Safe, effective, and supportive schools utilize ongoing school improvement processes to set measurable goals and objectives, and integrate interventions into school and district accountability and planning systems.

Category: Management Systems

Research Cited: American Psychological Association, What Works Clearinghouse, SAMSA, Institute for Education Science

Activity - Communication	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Families, students, and school personnel regularly provide and receive feedback on the fidelity and acceptability of the supports provided and on the outcomes achieved for every student. This is typically achieved through a climate survey that will be administered once a year.	Behavioral Support Program	09/01/2015	06/30/2016	\$0 - No Funding Required	District Discipline Administrator/District Discipline Coordinator

Activity - Academic and Behavioral Support Plans	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Academic and behavioral support plans are developing through each school's RTI Behavior/Academic Plan and are based on the intensity of student needs.	Behavioral Support Program	07/15/2015	06/30/2016	\$500 - General Fund	District Discipline Administrator/District Discipline Coordinator

Strategy2:

Recruitment and Retention of a Highly Qualified Workforce STRATEGIC PLAN GOAL 2 - Work to recruit and retain highly qualified and effective teachers particularly in high-needs certification areas. Information from the Professional Growth and Effectiveness System will be used to measure teacher effectiveness.

Category: Human Capital Management

Research Cited: Wallace Foundation, Recruiting, Preparing and Retaining Teachers for America's Schools

Comprehensive District Improvement Plan

Christian County

Activity - Recruit and Retain	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Host and attend job fairs to recruitment high quality applicants. CCPS administrators and current teachers will attend recruitment fairs to inform future applicants of the benefits of working for Christian County Public Schools. Teachers completing KTIP will be assigned a mentor at the school level for the first year of employment.	Recruitment and Retention	01/08/2015	09/01/2016	\$4000 - General Fund	Director of Personnel/Chief Administrative Officer

Activity - New Teacher Induction Program	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Sessions for new teachers will occur prior to the start of each school year. This will prepare new teachers with tools necessary for beginning a successful school year. Sessions will focus on the Kentucky Framework for Teaching and Positive Behavior Support for the classroom.	Recruitment and Retention	08/03/2015	06/30/2016	\$40000 - General Fund	Chief Administrative Officer; Director of Personnel

Strategy3:

Improve Working Conditions -- STRATEGIC PLAN GOAL 2 - Stakeholder communication

Category: Human Capital Management

Research Cited: TELL Survey 2015

Activity - Community and Parent Involvement	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Christian County Public School will monitor the development and implementation of individual school plans to enroll families in the Infinite Campus Parent Portal. Parents will have the ability to view student discipline, grades, and participate in student online registration.	Parent Involvement Community Engagement	08/03/2015	05/01/2016	\$0 - No Funding Required	Director of Pupil Personnel, Director of Technology, Director of Communications, Director of Strategic Planning, Federal Programs and Grant Development.

Activity - Parent and Community Communication	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Create ConnectU TV video segments to be made available on the district website on topics such as: EL program, attendance policies, Parent Portal, IEP process, graduation requirements, requirements for students to be college and career ready, and accountability measures.	Parent Involvement Community Engagement	08/03/2015	06/30/2017	\$3000 - Grant Funds	District Staff, School Principals

Strategy4:

Cultural Responsiveness - STRATEGIC PLAN GOAL 1 & 2 - Culture is central to learning. It plays a role not only in communicating and receiving information, but also in shaping the thinking process of groups and individuals. Professional learning opportunities will be explored and developed in order to be shared with all staff.

Category: Professional Learning & Support

Research Cited: K-PREP Non-Duplicated Gap Data,

Comprehensive District Improvement Plan

Christian County

Activity - Professional Learning - Cultural Responsiveness	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Provide opportunities for discussion and reflection on aspects of cultural responsiveness as it relates to school settings: Positive perspectives on parents and families; Communication of high expectations; Learning within the context of culture; and Student-centered instruction.	Professional Learning	03/16/2015	06/30/2017	\$50000 - General Fund	Chief Administrative Officer Chief Instructional Officer

Phase I - GAP Target Assurance

Introduction

Pursuant to KRS 158.649 (9) The superintendent shall report to the commissioner of education if a school fails to meet its targets to reduce the gap in student achievement for any student group for two (2) consecutive years. The schools improvement plan shall be subject to review and approval by the Kentucky Department of Education and the school shall submit an annual status report. The Department of Education may provide assistance to schools as it deems necessary to assist the school in meeting its goals.

Gap Target Assurance

Label	Assurance	Response	Comment	Attachment
	As superintendent of the district, I hereby certify that:	The following school(s) have failed to meet their gap target for two (2) consecutive years and are listed in the text box provided below	Christian County High School - Reading and Math.	

Phase I - Needs Assessment

Introduction

The purpose of the School District (system) Needs Assessment is to use data and information to prioritize allocation of resources and activities.

Data Analysis

What question(s) are you trying to answer with the data and information provided to you? What does the data/information tell you?

What does the data/information not tell you?

ACCOUNTABILITY

Q1: Are we on-track in terms of closing the achievement gap?

R1: The data indicates that while the gap is decreasing, a gap remains particularly between our African American/White students and with our students with disabilities. Our students in both gap groups are under-performing both when compared to the district and state delivery targets.

Q2: Are our students reaching proficiency as defined by the Kentucky Department of Education?

R2: Overall, the district are still not reaching our Delivery Target Proficiency goals for reading and math as set by KDE. Although improvement is being made, there is still work to be accomplished.

ELEMENTARY

Q1. In what areas did our elementary students perform below state average on KPREP?

- Reading (-9.4)
- Math (-7.9)
- Science (No Report in 2015)
- Writing (-11.5)
- Social Studies (-2.7)

Q2. In what areas did our elementary students perform above state average on KPREP?

R2. None

Q3. What is the greatest point of need for the elementary level?

R3. Increasing percentages of students scoring proficient/distinguished in reading and math.

- Closing the gap between AA and White students scoring proficient/distinguished in reading and math.

SECONDARY

Q1. In what areas did our middle school students perform below state average on KPREP?

R1.

- Reading (-5.0)
- Math (-6.2)
- Writing (-2.2)

Q2. In what areas did our middle school students perform above state average on KPREP?

R2. - Social Studies, 2.1 above

Q3. What is the greatest point of need for the middle school level?

R3. Increasing percentages of students scoring proficient/distinguished in math and closing the gap from district delivery target for AA and White students. Increasing percentages of students scoring proficient/distinguished in reading and closing the gap from district delivery target for AA and White students.

Q4. In what areas did our high school students perform below state average on KPREP?

- Reading (-6.4)
- Science (-12)
- Social Studies (-8.3)
- Language Mechanics (-2.1)

Q5. In what areas did our high school students perform above state average on KPREP?

R5. - Math (+.6)

- Writing (+5.5)

Q6. What is the greatest point of need for the high school level?

R6. The following are pressing needs: - Increasing the percentage of students in the higher performance levels while reducing the percentage of students scoring Novice. At the high school level, we must analyze our instructional practices and curriculum to determine if the cognitive demands of the standards are being taught and assessed in our classrooms. - Improving reading performance as it impacts all content areas. - Closing the gap between AA and White students scoring proficient/distinguished in reading and math.

READING INTERVENTION Q1: Are district-wide reading interventions being implemented with fidelity?

R1: Looking at a variety of reports available for the reading intervention such as the reading intervention report, the growth report, the software usage report, the progress monitoring with Scholastic Reading Inventory (SRI) and Scholastic Phonics Inventory (SPI), the iREAD screener, and coaching visits indicates that the majority of the reading intervention programs schools which implement with fidelity are seeing greater growth.

K-2 students utilizing iREAD should complete 50 topics in the first semester and 100 topics by the end of the year. Many K-2 students are not hitting this target. Over the last three years of implementation, the average beginning Lexile level for intervention students has risen from 464 to 610. The average ending Lexile has risen from 571 to 729.

SPECIAL EDUCATION Q1. Is the achievement gap closing for students with disabilities compared to students without disabilities?

R1: Students with disabilities are under-performing when compared to students with disabilities in both reading and math.

Q2: What can be done to address the gap?

R2: Special Education teachers are implementing SYSTEM 44 and READ 180 for the 2015 - 2016 school year. Preliminary feedback indicates positive results that will be monitored through the use of SRI/SPI, MAP and other assessments.

Areas of Strengths

What were the areas of strength you noted? What actions are you implementing to sustain the areas of strength? What is there cause to celebrate?

ACCOUNTABILITY

Areas of strength include district-wide programs and procedures that are in place. We have consolidated our instructional technology programs being provided and we provide reading intervention programs and a Tier II/III product to use for Math. - There are now procedures in place in areas other than instruction which have an indirect, though positive, impact. A district RTI Guidance document has been implemented. PBIS is having an impact through positive interactions with students throughout the district.

INSTRUCTION

Areas of Strength - all schools were trained and are implementing the district instructional model based on the High Impact Instruction of Jim Knight. Curriculum alignment work continues to be a focus of the district. Professional Learning Communities continue to be implemented throughout the district in accordance with the district's Guidance Document for Professional Learning Communities. Intentional progress monitoring is occurring through Response to Intervention. The DODEA SLAM grant is being implemented with both core and instructional math professional development. The grant also supports consistent math intervention programs grades K-8. Schools have created assessment calendars for College and Career Readiness. Intentional monitoring and counseling of students is occurring throughout the year. Core Reading Instructional cohorts have been establish and are engaged in guided reading training. The first Project Based Learning cohorts have been identified, are participating in training, and have produced and presented their first PBL projects.

READING INTERVENTION

Students were measured by determining the growth of Lexile points to meet their grade level goal. For students enrolled in the program and those taking a beginning and ending SRI assessment between August 2015 and May 2016, there was a demonstrated Lexile growth from a mean Lexile of 610 to a mean of 729. This was an average change of Lexile of 119 points or an average annual growth rate of 1.2 years.

SPECIAL EDUCATION

Areas of Strength and Sustainability and Causes to Celebrate: - The special education department is creating a co-teaching professional development model. The co-teaching initiative will be implemented in more schools throughout the district. Special Education lead the Testing Buddies initiative across the district so that all students would be trained in accessing appropriate accommodations throughout the school year. District-wide reading intervention programs are also shown improvements with students with disabilities helping to improve reading skills.

Opportunities for Improvement

What were areas in need of improvement? What plans are you making to improve the areas of need?

An intentional focus on improving core instruction in order to reduce the numbers of students scoring in novice. Teachers have been identified and are participating in Reading Cohorts, Math Cohorts, and PBL Cohorts

SLAM grant focusing on math/science professional development, instruction, and intervention to provide a district-wide math is underway for both core math instruction and math intervention.

Oversight and Monitoring

Describe your processes and interventions for monitoring continuous improvement.

ACCOUNTABILITY

Processes have been put into place and guidance documents provided for PLCs, RTI, and CSIPs. Support for these process and monitoring is in place. Processes and Interventions for Monitoring Continuous Improvement: All data is analyzed as received and reported to various stakeholder groups, including the Board of Education through Instructional Updates. When data is received, we look at the results and then go back to review against the target or projected outcome and question what worked and what did not work as we plan for improvement.

ELEMENTARY INSTRUCTION

Processes and Interventions for Monitoring Continuous Improvement: The District requires monitoring of district Non-Negotiables for Teaching and Learning through the 30-60-90 Gap Goal Monitoring. Each schools monitors the Gap Goal of the CSIP through a 30-60-90 format which is based upon continuous improvement model. Others include: - District Benchmarks in KPREP assessed areas at the elementary level - Instructional Rounds - PLC meeting monitoring (1 district visit per semester per school) - Preschool monitoring visits (1 per semester per teacher)

READING and MATH INTERVENTION: Processes and Interventions for Monitoring: Schools are supported throughout the implementation by district personnel and by professional consultants. Each school has scheduled support visits and may also request support based on their need. The district is implementing fidelity monitoring for the key implementation components each semester. Mid-year and end of year gains analysis will be reviewed and shared with district staff and principals. Support is aligned to need as indicated by the data and by school requests.

SPECIAL EDUCATION

Processes and Interventions for Monitoring Continuous Improvement: Data from students with disabilities will continue to be monitored through all district-wide assessments (interim assessments, district benchmarks) as well as state assessments. The special education programs in all schools will be monitored for effectiveness in meeting the needs of students with disabilities and closing the achievement gap. The data will be gathered and analyzed in order to make system-wide changes to improve the effectiveness of the special education processes and systems. SYSTEM 44 and READ 180 progress monitoring is in place for Special Education students.

Conclusion

Reflect on your answers provided in the previous sections. What are your next steps in addressing areas of concern?

ACCOUNTABILITY

- Updating Tyler Pulse and continuing the work begun in district-wide data analysis and building knowledge of Pulse and other data/reporting systems. Customize and align the reports available based on ESSA requirements.
- Establishing Data integrity standards. Systematic training of staff to support data integrity.

ELEMENTARY INSTRUCTION

- Support and monitor PLC process
- Continued PD relating to instructional best practices at Curriculum Leadership Meetings and district-provided offerings; follow up training on culturally responsive teaching
- Continue progress monitoring through various on-going assessments
- Continued support to schools in the form of instructional rounds, support, and customer service visits with feedback provided - Continued focus on effective PLC processes

READING and MATH INTERVENTION

The district will need to address the summer financial cost of training intervention teachers. Core instructional teachers will be trained through the PLC process to access and utilize intervention data.

The procedure for collecting and sharing rising 6th grade and exiting 8th grade data will be refined and formalized. District guidance will be offered to assist with appropriate placement of students in district-wide intervention programs.

SPECIAL EDUCATION

The next step is for the District to visit all schools and analyze their special education program, make suggestions and provide necessary supports where needed. District staff, led by the Director of Special Education, will continue to analyze data and make district-wide systemic changes in collaboration with the Chief Instructional Officer where necessary to ensure Christian County has an effective special education program meeting the needs of all students with disabilities.

2016 Christian County Public Schools Comprehensive District Improvement Plan

Overview

Plan Name

2016 Christian County Public Schools Comprehensive District Improvement Plan

Plan Description

Goals and Plan

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	2016 Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities. STRATEGIC PLAN GOAL 2	Objectives: 4 Strategies: 8 Activities: 26	Organizational	\$1220500
2	2016 Christian County Public Schools will increase its combined reading and math proficiency from 43.5% in 2015-2016 to 71.4% by 2019 as measured by state assessment results. STRATEGIC PLAN GOAL 1	Objectives: 5 Strategies: 6 Activities: 18	Organizational	\$66500
3	2016 Christian County Public Schools will increase the number of non-duplicated gap students scoring Proficient/Distinguished as follows from: 39.3% to 49.3% for elementary; 33.1 to 44.3% for middle; 31.8 to 44.2% for high by May 2017 STRATEGIC PLAN GOAL1	Objectives: 1 Strategies: 7 Activities: 11	Organizational	\$1231400
4	2016 Increase the percentage of students deemed college and/or career ready from 65.3 to 69.6% by 2017 as measured by the Unbridled Learning College and Career Readiness formula. STRATEGIC PLAN GOAL 1	Objectives: 2 Strategies: 5 Activities: 17	Organizational	\$30250
5	2016 Collaborate to increase district 4-Year Adjusted Cohort Graduation rate from 92.2% to 93.2% by 06/30/2017 as measured by the graduation formula in Unbridled Learning. STRATEGIC PLAN GOAL 1	Objectives: 1 Strategies: 3 Activities: 12	Organizational	\$62100
6	2016 Decrease the percentage of students scoring novice in READING at elementary from 28.6% to 24.9%, middle from 29.4% to 25.6%, and high from 41.5% to 36.2%; MATH-- elem. from 22.4% to 19.5%, middle from 25% to 21.6% and high from 31% to 27.1%.	Objectives: 1 Strategies: 6 Activities: 11	Organizational	\$391001

Goal 1: 2016 Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities. STRATEGIC PLAN GOAL 2

Measurable Objective 1:

collaborate to create an educational culture of continuous growth through shared partnerships and responsibilities by 12/31/2017 as measured by various measures established in the CCPS Strategic Plan.

Strategy 1:

Improve Working Conditions -- STRATEGIC PLAN GOAL 2 - Stakeholder communication

Category: Human Capital Management

Research Cited: TELL Survey 2015

Activity - Community and Parent Involvement	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Christian County Public Schools (CCPS) will continue to monitor and revise the Online Registration (OLR) Process to ensure 100% of families complete OLR to properly enroll students. In addition CCPS will continue to monitor individual school plans enroll 100% of families in the Infinite Campus Parent Portal. Parents/Guardians will have the ability to view student discipline, grades, and participate in student online registration. Schools: All Schools	Parent Involvement, Community Engagement	09/01/2016	05/01/2018	\$0	No Funding Required	Director of Pupil Personnel, Director of Technology, Director of Communications, Director of Strategic Planning, Federal Programs and Grant Development.

Activity - Parent and Community Communication	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Create ConnectU TV video segments to be made available on the district website on topics such as: EL program, attendance policies, Parent Portal, IEP process, graduation requirements, requirements for students to be college and career ready, and accountability measures. Schools: All Schools	Parent Involvement, Community Engagement	08/03/2016	07/30/2018	\$3000	Grant Funds	District Staff, School Principals

Strategy 2:

Positive Behavior Intervention Supports - STRATEGIC PLAN GOAL 2 - Academic failure is a major predictor of inappropriate behavior and other adjustment problems

Comprehensive District Improvement Plan

Christian County

and needs to be explicitly, and consistently addressed as part of an effective and comprehensive school program. As such, schools need to be accountable for improved student behavior incorporating intervention strategies to address student needs. The approach would mirror the system used to address student achievement and academic needs. Safe, effective, and supportive schools utilize ongoing school improvement processes to set measurable goals and objectives, and integrate interventions into school and district accountability and planning systems.

Activity - Math Academy	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Professional learning opportunities for K-12 math teachers to support content knowledge, pedagogy and High Impact Instruction. Meetings occur monthly, after school. Schools: All Schools	Professional Learning	09/01/2016	06/30/2018	\$5000	District Funding	Chief Instructional Officer, Instructional Coach, Instructional Supervisor

(shared) Strategy 2:

Systemic Alignment of District Professional Learning (IMPROVEMENT PRIORITY 6) - The District will develop a Systemic Approach to Professional Learning that includes the following:

- Deep Dive Professional Learning Community: this comprehensive group will include principals and assistant principals, instructional coaches, curriculum specialists, High Impact Teacher Team members, and district leadership staff. The Deep Dive will collaboratively determine the focus for professional learning that is disseminated across the groups/offerings below and encompass content standards, professional learning, assessment literacy, and implementation of PGES. Meets quarterly.
- Curriculum Leadership Team – composed of instructional coaches, curriculum specialists principals and district instructional administrators. Meets monthly.
- Principal Learning Network to support PGES and PPGES – composed of principals, Chief Administrative Officer, Chief Instructional Officer, Superintendent. Meets monthly.
- Content Academies—facilitated by instructional coaches and instructional supervisor for teachers monthly with an emphasis on deepening knowledge of standards and underpinnings, appropriate strategies for instructing to the cognitive demand of the standards, and assessment practices including formative assessment lessons
- Summer Professional Learning- offerings determined based upon Needs Assessment survey of all staff and feedback from all professional learning groups

Goal 3: 2016 Christian County Public Schools will increase the number of non-duplicated gap students scoring Proficient/Distinguished as follows from: 39.3% to 49.3% for elementary; 33.1 to 44.3% for middle; 31.8 to 44.2% for high by May 2017 STRATEGIC PLAN GOAL1

Measurable Objective 1:

demonstrate a proficiency in Reading and Math standards attainment within the non-duplicated gap group of 49.3% for elementary, 44.3% for middle, and 44.2% for high school by 6/30/2016 as measured by results of KPREP and EOC assessments by 06/30/2015 as measured by results of KPREP assessments.

Strategy 1:

Mentoring Program (IMPROVEMENT PRIORITY 6) - A systemic mentoring program for students of at-risk populations who are not performing at proficiency will be developed. The program will have each assigned a mentor from within the building or community who completes weekly outreach with the student. The program will be monitored on a nine-week cycle with results reported on School Snapshots. Support will be provided for background checks necessary for volunteers.

Strategies for Targeted Gap Group (STUDENTS WITH DISABILITIES) - IMPROVEMENT PRIORITY 1 - Activities are identified to target specific at-risk/achievement gap population

Category: Continuous Improvement

Activity - Guidance on Writing IEPs	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Complete an implementation check for quality of IEPs through Customer Service Visits to measure implementation of training provided Summer of 2016. Schools: All Schools	Professional Learning	06/01/2017	08/01/2018	\$500	IDEA	Director of Special Education and Preschool

Activity - District Co-Teaching Model	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
---------------------------------------	---------------	------------	----------	-------------------	-------------------	-------------------

Comprehensive District Improvement Plan

Christian County

Deploy the District-developed Guidance Documents for implementing high quality co-teaching programs. Implementation will be monitored through school visits. Schools: All Schools	Policy and Process	04/01/2017	06/30/2017	\$1200	IDEA	Director of Special Education and Preschool
--	--------------------	------------	------------	--------	------	---

Activity - Priority Scheduling for Students with Disabilities	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Refine the process for priority scheduling for students with disabilities that ensures the master schedule meets individual needs identified in students Individual Education Plans (IEPs). Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Christian County Day Treatment, Hopkinsville Middle School, Christian County Middle School, Christian County High School	Policy and Process	07/01/2016	06/30/2018	\$0	No Funding Required	Director of Special Education and Preschool; High School and Middle School Principals and Counselors

Strategy 4:

Strategies for Targeted Gap Group (RACE & ETHNICITY) - IMPROVEMENT PRIORITY 6 - Specific activities will be identified to target the African-American achievement gap.

Category: Professional Learning & Support

Activity - Equity and Culturally Responsive Teaching	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Training will be provided district wide in equitable outcomes, diversity, and culturally responsive teaching to ensure high quality, equitable learning environments for all students. Two-year plan for all certified and classified employees. Schools: All Schools	Professional Learning	11/01/2015	06/30/2017	\$80000	General Fund	Chief Administrative Officer

Activity - Ensure Teacher Equity	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
----------------------------------	---------------	------------	----------	-------------------	-------------------	-------------------

Comprehensive District Improvement Plan

Christian County

Teacher quality is the school factor that makes the greatest impact on student achievement. Consistent exposure to effective teachers can overcome obstacles to learning and close the achievement gap. Research concludes that "the effects of even a single ineffective teacher are ensuring enough to measurable at least four years later. Good teachers in subsequent grades boost achievement, but not enough to compensate for the effects of an earlier ineffective teacher" (Thompson & O'Quinn, 2001). District and school staff will complete the equity diagnostic as part of the CDIP process and follow guidance from the KDE and USDOE in determining a process to ensure the equitable distribution of effective teachers to schools with high populations of at-risk students. Schools: All Schools	Policy and Process	10/01/2015	06/30/2017	\$1500	General Fund	Superintendent; Chief Administrative Officer
---	--------------------	------------	------------	--------	--------------	--

Activity - African American Male Mentoring Program	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Volunteers from the community will mentor identified African American males from middle and high school that have expressed an interest in working with a mentor. This work is spearheaded by the Achievement Gap Committee headed by local community member Charles Turner. Schools: Hopkinsville High School, Hopkinsville Middle School, Christian County Middle School, Christian County High School	Community Engagement	04/01/2015	06/30/2017	\$1000	Other	District Discipline Coordinator

Strategy 5:

Strategies for Targeted Gap Group (SOCIOECONOMIC) - Activities are identified to target specific at-risk/achievement gap population

Category: Professional Learning & Support

Activity - Poverty Training	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Districtwide training will occur in Eric Jensen's research on educating students from poverty through a train-the-trainer model. Training will continue in sections throughout the academic year through Curriculum Leadership Team meetings with the expectation that school teams and principals will deliver the training according to district established schedules and guidelines. Schools: All Schools	Professional Learning	08/01/2015	06/30/2018	\$1200	General Fund	Chief Instructional Officer; Instructional Coaches

Strategy 6:

High Impact Instruction (IMPROVEMENT PRIORITY 1, 2) - Teachers will be provided support in implementing the district instructional model of High Impact Instruction with a focus on guided questions, student learning concept maps and formative assessment. PLCs will plan around standards and use progression documents as part of this process.

Category: Learning Systems

Comprehensive District Improvement Plan

Christian County

Activity - High Impact Instruction	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will be provided with support through coaches and leadership teams in implementing High Impact Instruction with a focus on guided questions, student learning maps and formative assessments. Schools: All Schools	Professional Learning	08/01/2015	06/30/2018	\$8000	Grant Funds	Chief Instructional Officer; Director of Elementary Education; District Assessment Coordinator

Strategy 7:

Provide Support Providing for Persistence to Graduation - Support will be provided to students to reduce barriers to learning and increase success in school

Category: Persistence to Graduation

Activity - Reducing Barriers to Learning	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Provide resources and support to address barriers to learning, including, but not limited to, transience, healthcare, and social workers in collaboration with stakeholders. Schools: All Schools	Other - Non-Academic Needs	07/01/2015	06/30/2017	\$1020000	General Fund	Chief Administrative Officer; Chief Operations Officer

Goal 4: 2016 Increase the percentage of students deemed college and/or career ready from 65.3 to 69.6% by 2017 as measured by the Unbridled Learning College and Career Readiness formula.

STRATEGIC PLAN GOAL 1

Measurable Objective 1:

collaborate to demonstrate a proficiency with 69.3% of high school seniors who are College and Career Ready by 06/30/2017 as measured by KPREP College and Career Readiness Rates (Unbridled Learning).

Strategy 1:

Continuous Progress Monitoring (IMPROVEMENT PRIORITY 4, 6) - Utilize Tyler Pulse to archive multiple data points indicating student progress toward college and career readiness. District staff will collaborate with school level staff to create landing platforms for college and career readiness and input necessary data

Category: Management Systems

Research Cited: Fuchs, L. (2002). Using curriculum-based measurement for progress monitoring. Presented at the Student Achievement and School Accountability Conference. Retrieved at <http://www2.ed.gov/admins/lead/account/aypstr/edlite-slide001.html>

Comprehensive District Improvement Plan

Christian County

* Safer, N. and Fleischman, S. (2005). Research Matters: How student progress monitoring improves instruction. Educational Leadership 62(5).81-83.

Activity - Tyler Pulse	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Collaborate to update Tyler Pulse with the criteria and accompanying data measures that determine College and Career Readiness in Unbridled Learning Schools: Gateway Academy, Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Christian County Day Treatment, Christian County High School	Career Preparation/Orientation	11/01/2014	06/30/2017	\$2000	General Fund	District Assessment Coordinator; Systems Support Specialist; District Technology Coordinator

Activity - Longitudinal Research Study	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Participate in the longitudinal research study with WestDat, HMM on impact of K-2 implementation of iREAD in all elementary schools. Schools: Crofton Elementary School, South Christian Elementary School, Indian Hills Elementary School, Martin Luther King Jr. Elementary School, Sinking Fork Elementary School, Pembroke Elementary School, Millbrooke Elementary School, Freedom Elementary School	Academic Support Program	07/01/2015	06/30/2018	\$0	No Funding Required	DAC; District Technology Coordinator; DoDEA grant facilitator; Director of Strategic Planning, Federal Programs, and Grant Development

Strategy 2:

Career Readiness Pathways Measurement (IMPROVEMENT PRIORITY 4) - Students will enter into a career pathway specified in the Individual Learning Plan during the freshman year to prepare for both college and a future career. Once students have successfully completed three courses in a career pathway, they will be assessed with the corresponding Kentucky Occupational Skill Standards Assessment (KOSSA) or, where available, industrial certification. Students will also have the opportunity to meet the benchmarks of ASVAB or ACT Work Keys as the academic component for Career Readiness. College Readiness will be measured through the ACT (grade 11) with additional opportunities for KYOTE at grade 12.

Activity - ILP Awareness - Middle School	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
--	---------------	------------	----------	-------------------	-------------------	-------------------

Comprehensive District Improvement Plan

Christian County

Continue providing opportunities for middle school students and parents to understand the importance of the Individual Learning Plan and how it will directly impact a student's high school course selections. Schools: Hopkinsville Middle School, Christian County Middle School	Policy and Process	01/12/2015	06/30/2017	\$0	No Funding Required	Middle School Guidance Counselors, Director of Pupil Personnel, District Assessment Coordinator
Activity - ILP - Course Placement	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Utilize the ILP in order to place freshmen in courses aligned with their career interests and review pathways each year. Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Christian County High School	Policy and Process	08/13/2013	06/30/2018	\$0	No Funding Required	Middle and High School Counselors, secondary level Instructional Behavioral Coaches.
Activity - Awareness - National Career Clusters	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Develop awareness of the 16 National Career Clusters and the 79 career pathways of middle and high school staff and parents through multiple venues of communication: faculty meetings, flyers, emails, district website, 8th grade tours to Gateway Academy to Innovation and Technology. Schools: Gateway Academy, Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Hopkinsville Middle School, Christian County Middle School, Christian County High School	Career Preparation/Orientation	08/13/2013	06/30/2017	\$500	District Funding	District ILP Coordinator; Middle and High School Principals, Counselors, and Teachers
Activity - College and Career Days	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Continue district college day and a district career day where activities are planned to emphasize the importance of college and career (P-12) in all schools and district divisions/services Schools: All Schools	Policy and Process	08/13/2013	06/30/2018	\$500	General Fund	Chief Instructional Officer; Public Relations Director, Achievement Team Members
Activity - Career Academies	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible

Comprehensive District Improvement Plan

Christian County

Refine and continue implementation of career academies at the Gateway Academy to Innovation and Technology. Continue to scale timeline to embed core classes with corresponding Career and Technical classes for a rigorous, relevant learning experience and explore opportunities for partnership and expansion. Schools: Hopkinsville High School, 21st Century Academy, Gateway Academy to Innovation & Tech., Christian County High School	Policy and Process	08/01/2013	06/30/2018	\$10000	General Fund	Chief Instructional Officer, Gateway Principal, CTE Teachers
--	--------------------	------------	------------	---------	--------------	--

Activity - Increase Articulated/Dual Credit Opportunities	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Increase awareness of dual and articulated credit through CTE programs and dual credit in core academic areas through local colleges and universities with promotion through announcements, district-initiated phone-calls, Parent University and other events. Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Christian County High School	Policy and Process	08/13/2013	06/30/2017	\$0	No Funding Required	CTE Coordinator Post-secondary staff

Activity - Operation Preparation	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Develop, promote, and implement Operation Preparation activities for 8th and 10th grade students to increase awareness of the requirements of being college and career ready. Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Hopkinsville Middle School, Christian County Middle School, Christian County High School	Career Preparation/Orientation	08/13/2013	06/30/2017	\$0	No Funding Required	Director of Communications; District Assessment Coordinator

Measurable Objective 2:

collaborate to increase CTE Preparatory Students who are college and/or career ready from 72.9% to 80% by 06/30/2017 as measured by Perkins data measures.

Strategy 1:

Academic and Career Advising (IMPROVEMENT PRIORITY 6) - Students will be advised and mentored in college preparation and career options and goals.

Category: Career Readiness Pathways

Activity - Advising	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students will be grouped by career paths and advised by a staff member or practicing professional connected to that career path. Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Gateway Academy to Innovation & Tech., Christian County Day Treatment, Hopkinsville Middle School, Christian County Middle School, Christian County High School	Career Preparation/Orientation	07/01/2013	06/30/2017	\$250	General Fund	District Assessment Coordinator; Communications Director; CTE Coordinator; Guidance Counselors

Comprehensive District Improvement Plan

Christian County

Activity - 8th Grade Transition	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Provide guidance to students in their identified career interests. During scheduling for high school classes, all eighth grade students will develop a four-year schedule of classes that fulfills board requirements for three elective classes within a career pathway identified on the student ILP.</p> <p>Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Gateway Academy to Innovation & Tech., Christian County Day Treatment, Hopkinsville Middle School, Christian County Middle School, Christian County High School</p>	Career Preparation/Orientation	01/01/2015	06/30/2018	\$0	No Funding Required	Guidance Counselors and School Staff

Strategy 2:

Alignment: Course and Assessment (IMPROVEMENT PRIORITY 1) - Career and Technical Education courses will be aligned with Kentucky Occupational Skills Standards Assessments(KOSSA), Industry Certification, and ACT Workkeys to align with assessed outcomes.

Category: Continuous Improvement

Research Cited: KOSSA, CTE

Activity - Formative and Interim Assessments - CTE	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Develop formative/interim assessments for each CTE program to benchmark student progress toward success on KOSSA, ACT Workkeys, and industry certification (if applicable.)</p> <p>Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Christian County High School</p>	Career Preparation/Orientation	08/13/2013	06/30/2017	\$5000	Perkins	Chief Instructional Officer CTE Coordinator CTE Teachers

Activity - Assessment	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Provide students with instruction and practice opportunities for the ACT Workkeys assessments in Reading for Information, Locating Information, and Applied Math</p> <p>Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Christian County High School</p>	Career Preparation/Orientation	08/13/2013	06/30/2017	\$5000	District Funding	CTE Principal CTE Teachers Building Assessment Coordinators

Activity - Partnership Task Force	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Explore and expand current partnership with Hopkinsville Community College in order to provide a seamless post-secondary transition through effective collaboration.</p> <p>Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Christian County High School</p>	Academic Support Program	07/01/2013	06/30/2017	\$0	No Funding Required	Superintendent, Chief Instructional Officer, Chief Operations Officer, Chief Administrative Officer

Comprehensive District Improvement Plan

Christian County

Activity - Transcript Audit	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Conduct transcript audits yearly to ensure students are following a career pathway. Schools: Hopkinsville High School, Gateway Academy to Innovation & Tech., Christian County High School	Career Preparation/Orientation	07/01/2014	06/30/2017	\$0	No Funding Required	High School Guidance Counselors

Activity - Method Test Prep	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
The district will provide Method Test Prep through ILP's for ACT practice. Schools: Hopkinsville High School, Christian County High School	Academic Support Program	07/01/2015	06/30/2017	\$5000	District Funding	Chief Instructional Officer

Strategy 3:

Meet Perkins Performance Goals - Three performance goal areas not met in 2014 were Technical Skills Attainment (2S1), Secondary Placement (5S1), and Non-Traditional Completion (6S2). A plan will be developed to meet Perkins Performance Goals which should also improve College and Career Readiness Rates.

Category: Continuous Improvement

Activity - KOSSA	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Provide educational experience that equip students to perform proficiently on KOSSA exams. Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Gateway Academy to Innovation & Tech., Christian County Day Treatment, Christian County High School	Career Preparation/Orientation	12/01/2014	06/30/2017	\$2000	Career and Technical Education Funds	District Career and Technical Education Coordinator

Goal 5: 2016 Collaborate to increase district 4-Year Adjusted Cohort Graduation rate from 92.2% to 93.2% by 06/30/2017 as measured by the graduation formula in Unbridled Learning.

STRATEGIC PLAN GOAL 1

Measurable Objective 1:

collaborate to increase district graduation rate from 86.1 % in 2014 to 93.2% by 06/30/2017 as measured by the graduation formula in Unbridled Learning.

Strategy 1:

Identification of Student Needs and Interests (IMPROVEMENT PRIORITY 4) - Administrators and teachers will be trained in applying strategies and resources to use for providing services and programs aligned to students' identified needs and interests. Administrators and teachers will gain an in-depth understanding of tools such as the Persistence to Graduation Report, Tyler Pulse data tools, Individual Learning Plan, and career pathways and how the tools can be utilized to monitor student's

Comprehensive District Improvement Plan

Christian County

interests and at-risk factors; as a result, more students will be enrolled in courses leading toward a completed career pathway and fewer students will drop-out of school.

Category: Persistence to Graduation

Research Cited: Persistence to Graduation Report- Kentucky Department of Education

Activity - Activity - ILP for Placement of Students in Courses	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Train staff to utilize Individual Learning Plans in order to place students in courses aligned with their career interests as identified in the ILP.</p> <p>Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Christian County Middle School, Christian County High School</p>	Career Preparation/Orientation	08/13/2013	06/30/2017	\$0	No Funding Required	District ILP Coordinator and Career and Gateway Academy Principal
Activity - Academic Career Advising - Middle School	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Train staff to provide middle school students with career pathway information related to the student's ILP in order to make elective choices that will lead to a career certification prior to high school graduation. District ILP Coordinator and Career Technical Principal will provide training and counselors will provide elective course advisement.</p> <p>Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Hopkinsville Middle School, Christian County Middle School, Christian County High School</p>	Career Preparation/Orientation	03/01/2012	06/30/2017	\$0	No Funding Required	District ILP Coordinator and Career and Gateway Academy Principal/Counselors
Activity - Student Connections to School	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>Train school staff to utilize Persistence to Graduation report to identify students at-risk for dropping out of school. School Staff will work to enroll targeted students in school organizations to increase a sense of belonging and to build relationships with others in the school.</p> <p>Schools: All Schools</p>	Other	09/12/2012	06/30/2017	\$0	No Funding Required	Chief Operations Officer, Systems Support, School Principals
Activity - Re-Enrollment of Drop Outs	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
<p>All students identified as "drop-outs" will be contacted by a representative from Christian County Public Schools to discuss opportunities for re-enrollment in traditional and nontraditional learning environments for completion of graduation requirements.</p> <p>Schools: All Schools</p>	Academic Support Program	02/01/2013	06/30/2017	\$0	No Funding Required	Director of Pupil Personnel and 21st Century Coordinator

Comprehensive District Improvement Plan

Christian County

Activity - Academic Career Advising - Middle and High	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Facilitate work among middle and high school counselors to plan a four-year course sequence during the eighth grade year which will lead students to fulfilling a career pathway identified in students' Individual Learning Plans (ILP). Schools: Hopkinsville High School, 21st Century Academy, Christian County Alternative School, Hopkinsville Middle School, Christian County High School	Career Preparation/Orientation	03/01/2013	06/30/2017	\$300	Perkins	District ILP Coordinator, Middle and High School Counselors and Principals, Career and Gateway Academy Principal

Activity - Reasons to Graduate	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Increase public relations activities with all schools to include tours, presentations on careers from speakers, as well as increase awareness of opportunities to graduate with career certifications. Presentations should include information on education levels needed for different types of careers. Schools: All Schools	Career Preparation/Orientation	09/12/2012	06/30/2017	\$0	No Funding Required	Community Education Director, Principals

Strategy 2:

Targeted Interventions for At-Risk Students (IMPROVEMENT PRIORITY 4, 6) - Interventions will be provided to students who have been identified as being at risk for failure. Interventions will be targeted to identified need of student, progress monitored, assessed, and modified to increase academic achievement.

Category: Professional Learning & Support

Research Cited: Response to Intervention

Activity - Response to Intervention/Targeted Interventions	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
School leadership will participate in professional learning designed to assist in planning interventions and extensions at the school level. Schools: All Schools	Professional Learning	02/02/2015	06/30/2017	\$1800	Title I Part A	District RtI Committee

Activity - Efficacy of Interventions	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Improve efficacy of interventions by examining successful models in elementary, middle, and high schools. (Planning Interventions and Extensions in Elementary and Secondary Schools - Mattos/Bufum) Schools: All Schools	Academic Support Program	01/12/2015	06/30/2017	\$0	No Funding Required	District RtI Committee

Comprehensive District Improvement Plan

Christian County

Activity - Progress Monitor	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Progress monitor all students who are at risk of failing through the using the Individual Learning Plan Addendum, Persistence to Graduation Report, academic/behavior contracts, assessments and other data. Schools: All Schools	Academic Support Program	08/12/2014	06/30/2017	\$0	No Funding Required	School Principals, Alternative School Principal, 21st Century Coordinator

Activity - Alternative to Expulsion	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Increase instructional time for students in an alternative educational setting who would otherwise have been expelled from school. Schools: All Schools	Behavioral Support Program	08/12/2014	06/30/2017	\$60000	General Fund	Alternative School Principal

Strategy 3:

Graduation Requirements Communication (IMPROVEMENT PRIORITY 5) - Communication regarding graduation requirements will be communicated through a variety of means including, but not limited to: board policy, parent meetings, newsletters, conferences, public meetings, district and school websites, registration and scheduling information, and news and social media.

Category: Stakeholder Engagement

Research Cited: National Parent Teacher Association, Annenberg Institute for School Reform, National Network of Partnership Schools

Activity - Graduation Requirements	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Public Relations and communication activities will be targeted and strategic in order to increase parent and community awareness of graduation requirements. Schools: Hopkinsville High School, 21st Century Academy, Hopkinsville Middle School, Christian County Middle School, Christian County High School	Parent Involvement	09/05/2012	06/30/2017	\$0	No Funding Required	Director of Communications, High School Principals, Middle School Principals, District Staff

Activity - Non-Traditional Pathways to Graduation	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
---	---------------	------------	----------	-------------------	-------------------	-------------------

Comprehensive District Improvement Plan

Christian County

<p>Public Relations and communication activities will be targeted and strategic in order to increase parent and community awareness of available non-traditional pathways to graduation available to students.</p> <p>Schools: Hopkinsville High School, 21st Century Academy, Hopkinsville Middle School, Christian County Middle School, Christian County High School</p>	<p>Parent Involvement</p>	<p>09/12/2012</p>	<p>06/30/2017</p>	<p>\$0</p>	<p>No Funding Required</p>	<p>Director of Communications, High School Principals, Middle School Principals, District Staff, 21st Century Coordinator</p>
---	---------------------------	-------------------	-------------------	------------	----------------------------	---

Goal 6: 2016 Decrease the percentage of students scoring novice in READING at elementary from 28.6% to 24.9%, middle from 29.4% to 25.6%, and high from 41.5% to 36.2%; MATH-- elem. from 22.4% to 19.5%, middle from 25% to 21.6% and high from 31% to 27.1%.

Measurable Objective 1:

collaborate to reduce the total number of Novice performing students and the number of Novice performing target group students (African American, Hispanic, English Learners, Students with Disabilities, Free/Reduced Lunch) in reading or math by 12.5% each by 05/31/2016 as measured by KPREP/EOC assessments.

Strategy 1:

Response to Intervention Program Supports (IMPROVEMENT PRIORITY 1) - Response to Intervention (RtI) will be intentional and research-based resulting in increased student achievement and growth. Work will continue in refining the District's RtI plan and in improving quality Tier I core instruction by reviewing the rigor and congruency of instruction delivered to all students. The District will continue to explore menus of options for schools to choose from while providing continuity of services for a highly transient student population. Guidance will be provided to individual schools for a tiered intervention system.

Phase II - Compliance and Accountability - Districts

Introduction

The process of Improvement Planning in Kentucky is used as the means of determining how schools and districts will plan to ensure that students reach proficiency and beyond by 2015. The process focuses school and district improvement efforts on student needs by bringing together all stakeholders to plan for improvement, by focusing planning efforts on priority needs and closing achievement gaps between subgroups of students, by building upon school and district capacity for high quality planning, and by making connections between the funds that flow into the district and the priority needs in schools.

Your school's plans for improvement must be based on careful and honest analysis of data, address all content areas, and clearly address gaps in student achievement.

Planning and Accountability Requirements

The district ensures that teachers are equitably distributed throughout the district to ensure that all students are college and career ready. **Equitable distribution: poor and minority students are not taught at higher rates than other students by inexperienced, unqualified, or out-of-field teachers.**

Goal 1:

All students in Christian County Schools will be taught by highly effective teachers in school led by highly effective leaders as measured by the Professional Growth and Effectiveness System.

Measurable Objective 1:

collaborate to implement the Professional Growth and Effectiveness System by 10/15/2014 as measured by creation and implementation of a district Certified Evaluation Plan.

Strategy1:

Certified Evaluation Plan - A committee of stakeholders will be selected to develop a district Certified Evaluation Plan based upon required components established by the Kentucky Department of Education that provides relevant feedback to all staff, including teachers, principals, instructional coaches, counselors, and district level staff.

Category:

Research Cited:

Activity - Evaluation Committee	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
A committee of stakeholders will create Certified Evaluation Process and Procedures that provides relevant feedback to all evaluatees and that is in alignment with requirements and guidance from the Kentucky Department of Education.	Policy and Process	12/12/2013	12/15/2014	\$500 - General Fund	Chief Administrative Officer

Strategy2:

Professional Growth and Effectiveness System - District personnel will coach members of the Curriculum Leadership Team (principals and coaches) in effective instructional practices for school level implementation through a Professional Learning Community (PLC) process. An intentional focus will be on Kentucky's adopted version of Charlotte Danielson's Framework for Teaching which will be among the criteria for teacher evaluation. Principals and Assistant Principals will receive training in the framework and how to evaluate and observe using the framework. The District will provide training for principals that will enable them to introduce certified instructional staff to the framework and then deepen that knowledge as teachers migrate to the new system.

Comprehensive District Improvement Plan

Christian County

Activity - Quality Instruction	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
District personnel will coach administrators and curriculum leaders in the use of the elements of effective instruction (Danielson's Framework for Teaching) for school implementation in PLCs.	Academic Support Program	08/01/2012	05/31/2013	\$6000 - District Funding	Chief Instructional Officer, Chief Administrative Officer, Instructional Supervisors, School Liasons.

Goal 2:

Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities.

Measurable Objective 1:

collaborate to create an educational culture of continuous growth through shared partnerships and responsibilities by 06/30/2016 as measured by various measures established in the CCPS Strategic Plan.

Strategy1:

Positive Behavior Intervention Supports - STRATEGIC PLAN GOAL 2 - Academic failure is a major predictor of inappropriate behavior and other adjustment problems and needs to be explicitly, and consistently addressed as part of an effective and comprehensive school program. As such, schools need to be accountable for improved student behavior incorporating intervention strategies to address student needs. The approach would mirror the system used to address student achievement and academic needs. Safe, effective, and supportive schools utilize ongoing school improvement processes to set measurable goals and objectives, and integrate interventions into school and district accountability and planning systems.

Activity - Student Involvement	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Students will be involved in a student forums each year to address any issues they may have with the Code of Acceptable Behavior and the culture of their school.	Behavioral Support Program	01/01/2016	06/30/2016	\$0 - No Funding Required	District Discipline Administrator/District Discipline Coordinator

Activity - Communication	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Families, students, and school personnel regularly provide and receive feedback on the fidelity and acceptability of the supports provided and on the outcomes achieved for every student. This is typically achieved through a climate survey that will be administered once a year.	Behavioral Support Program	09/01/2015	06/30/2016	\$0 - No Funding Required	District Discipline Administrator/District Discipline Coordinator

Comprehensive District Improvement Plan

Christian County

Activity - Increase Instructional Time	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
District staff will consult and provide support to schools in implementing the process utilizing the data that will be used as a basis for changing, modifying or intensifying intervention supports which will support PBIS programs. The structure of the program is to proactively increase student instructional time and decrease time spent out of the classroom for disciplinary actions.	Academic Support Program	08/03/2015	06/30/2017	\$0 - No Funding Required	District Discipline Administrator/District Discipline Coordinator

Activity - Academic and Behavioral Support Plans	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Academic and behavioral support plans are developing through each school's RTI Behavior/Academic Plan and are based on the intensity of student needs.	Behavioral Support Program	07/15/2015	06/30/2016	\$500 - General Fund	District Discipline Administrator/District Discipline Coordinator

Strategy2:

Cultural Responsiveness - STRATEGIC PLAN GOAL 1 & 2 - Culture is central to learning. It plays a role not only in communicating and receiving information, but also in shaping the thinking process of groups and individuals. Professional learning opportunities will be explored and developed in order to be shared with all staff.

Category: Professional Learning & Support

Narrative:

SY 2016-2017

Comprehensive District Improvement Plan

Christian County

All district policies and or procedures are aligned with the Kentucky Revised Statutes. The goal of Christian County Public Schools is to ensure highly effective teachers who hold the correct Kentucky certification. The district will ensure teachers receive adequate professional development and mentoring programs to increase teacher retention.

Christian County implements recruitment strategies that enable the employment of highly effective diverse teachers. The goal is for all teachers hold the correct Kentucky teaching certification. A teacher induction program that ensures ongoing highly effective professional development that will improve teaching and learning strategies and additional support for teachers. Professional development and support occurs as part of the onboarding process and continues throughout the school year. Professional Learning Communities (PLC's) are in place in all schools that provide teachers the opportunity to grow in content knowledge, teaching and assessment strategies. Human resource management through collaboration with the individual schools will ensure that school have equitable highly qualified staff.

The district will continue to track turnover rates at lower performing schools. The following strategies will be incorporated in the process:

- Continue to track school turnover rates with exit interviews to determine why turnover is occurring
- Professional development for administrators on effective hiring practices
- Effective onboarding professional development for new teachers
- Create mentoring programs to support new teachers

The district has identified specific strategies to address areas for improvement identified in the TELL KY survey results.

Goal 1:

Transform the educational environment to meet the on-going demands of the 21st Century so that all students are engaged in a high-quality, equitable education and are prepared for community and global responsibilities. Strategic Plan Goal 2 2016-2017

Measurable Objective 1:

collaborate to create an educational culture of continuous growth through shared partnerships and responsibilities by 12/31/2017 as measured by various measures established in the CCPS Strategic Plan.

Strategy1:

Positive Behavior Intervention Supports - STRATEGIC PLAN GOAL 2 - Academic failure is a major predictor of inappropriate behavior and other adjustment problems and needs to be explicitly, and consistently addressed as part of an effective and comprehensive school program. As such, schools need to be accountable for improved student behavior incorporating intervention strategies to address student needs. The approach would mirror the system used to address student achievement and academic needs. Safe, effective, and supportive schools utilize ongoing school improvement processes to set measurable goals and objectives, and integrate interventions into school and district accountability and planning systems.

Executive Summary

Introduction

Every school system has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school system makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school system stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school system, and the kinds of programs and services that a school system implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school system with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the community will have a more complete picture of how the school system perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school system to reflect on how it provides teaching and learning on a day to day basis.

Description of the School System

Describe the school system's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school system serves?

Christian County Public Schools is located in Christian County, Kentucky. Christian County is situated on the Kentucky-Tennessee border in what is considered Western Kentucky. Christian County covers 724 square miles. The county is home to the incorporated towns of Crofton, Hopkinsville, LaFayette, Oak Grove and Pembroke. The county is comprised of several smaller unincorporated communities of Fairview, Fruithill, Fearsville, Fort Campbell North, Gracey, Herndon, Kelly, Lacy and St. Elmo. From modern subdivisions to old historic homes to inner-city neighborhoods to rural farms, the diversity of Christian County is reflected in its population.

Christian County Public Schools (CCPS) is the one of the largest school districts in Western Kentucky and is the second largest Kentucky district in geographical miles. The P-12 student population of over 9,000 students is reflective of the larger diverse Christian County community. The district's free/reduced lunch rate is eighty-seven percent. Thirty-three percent of our students are African American, six percent of our students are Hispanic, and fifty-seven percent of our students are Caucasian. Twelve percent of our students are students with disabilities and the mobility of students within our district is 5.37%. Within the school district, there are at least 18 different languages represented.

The district consists of eight elementary schools, two middle schools, and two high schools. The district also has a Career and Technical Center - The Gateway Academy to Innovation and Technology, Alternative School, Day Treatment Facility, and the 21st Century Academy which is a voluntary alternative program for students at-risk of graduating. Fort Campbell, Kentucky, United States Army installation, is an integral part of the Christian County community. Many of our students are from military-connected families.

A shared Vision, Mission and Goals was developed and formally adopted by the Board of Education. As decisions are made, they are evaluated against the Vision that has been adopted. Systems for monitoring have been and continue to be developed and the efficiency of programs and practices are questioned through deliberate conversations among all divisions of the system.

The unique challenges of the local community include high poverty (87% free/reduced lunch) and high student mobility. Over the past several years there has been a population shift toward the southern end of the county that has required the realignment of services to best meet the needs of our student population.

System's Purpose

Provide the school system's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school system embodies its purpose through its program offerings and expectations for students.

The system adopted shared vision, mission and goals statements in 2014 as part of a strategic plan. The broad goals and strategies of the plan are placed into actionable terms in the Comprehensive District Improvement Plan.

Our Vision: "Transform the educational environment to meet the ongoing demands of 21st Century learning so that all students are engaged in a high quality, equitable education and are prepared for community and global responsibilities."

Our Mission: "Create an educational culture of continuous growth through shared partnerships and responsibilities."

Goals:

Goal 1- Ensure academic proficiency and successful transition to life.

Goal 2- Provide internal and external stakeholders with sustainable resources, promoting equitable services to ensure the growth and success of all students.

Goal 3- Maintain fiscal responsibility.

Core Values

- Student achievement will be high or steadily improving in ALL schools with equitable outcomes for ALL students
- All students can meet and exceed high performance standards and must be continuously challenged to do so.
- Each person in the school system must be focused on the development of the whole child and student success.
- We must understand and embrace our students' diverse cultures and learning styles.
- The district and the community, together, are responsible for giving students academic and other essential support so they can focus on learning.
- Effective, collaborative work with the community will produce success for students.
- We must base all of our decisions on evidence and the best interest of students.
- We have the ability to meet all state and federal government requirements.

CCPS believes that every student can and will learn through effective teaching and leadership. This core value drives the fundamental work of the school system. The district works in collaboration with school leadership and in partnership with our community to establish and support rigorous learning standards for all students. A curriculum built upon the Kentucky Core Academic Standards is implemented through varied program offerings that includes Advanced Placement and Dual Credit courses. The District is working to expand CTE programs to provide relevant learning opportunities for students within their desired career pathways. Two academy learning pathways have been established at The Gateway Academy that include core classes and career electives in engineering and health sciences. Board policy requires all students to take a course sequence of electives within a career pathway as identified on the student's Individual Learning Plan.

Our expectation is that all of our students should have rigorous educations that prepare them for life beyond high school--whether that be college or career or both of those areas.

Comprehensive District Improvement Plan

Christian County

It is through promoting a culture and commitment to continuous improvement that CCPS will effect long-lasting, positive change for the students of our community. Data drives the decision making of the district. Using multiple data points, district and school leaders meet through a collaborative planning process where the needs of individual school sites are addressed and common needs to the district are identified. This process ensures that district and school site allocations are aligned to support student achievement and development.

Additionally, the District has implemented procedures and policies to support equitable discipline for students. Positive Behavior Intervention Supports (PBIS) is used in all schools currently. Discipline data is monitored, analyzed and evaluated for fidelity of implementation and published on the district website. The expectations that have been established for behavior and positive intervention and support will impact the teaching and learning environment. The District has also sought additional funding through grants to provide equitable academic interventions in all schools.

The comprehensive planning process is built to create transparent plans for all stakeholders to support local schools as a community for improving learning environments for all students. The process serves to document and support schools as they strive to meet the Unbridled Learning accountability measures and to fulfill the District's Vision and Mission. The goals will assist the district in decisions regarding the allocation of resources, in determining professional development, and in monitoring improvement. The Comprehensive District Improvement Plan (CDIP) is the action plan for implementing the overarching Strategic Plan. All schools and districts in Kentucky are required to have goals in their CDIP/CSIP aligned to the state goals for Gap, Graduation, K-PREP Proficiency, and College and Career Readiness, and Novice Reduction using the targets defined in the accountability results. The CDIP uses accountability results and district-wide data from a variety of resources to identify goals, construct measurable objectives, identify strategies and define activities for the overall improvement of student achievement and development. The improvement goals and strategies are identified using data from statewide assessment, interim benchmarks from outside vendors, and district created assessments, and through KDE/AdvancEd Diagnostic Review results. The District is centering the AdvancEd Standards of Quality as part of the continuous improvement process. The work toward District AdvancEd Accreditation will begin with all schools this year. In 2015-16, schools were provided with a specific structure for goals and measurable objectives within their local plans and manage goals related to gap closure and implementation of the district instructional model through 30-60-90 Plans.

Notable Achievements and Areas of Improvement

Describe the school system's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school system is striving to achieve in the next three years.

State assessment data to be released in the Fall of 2016 will show the district to have its first Proficient rating since the inception of the current reporting model. Five years ago, the District was shown in the 22nd percentile with one Proficient School. In 2015, the District had its first Distinguished School; this year,

- * five schools earned a Distinguished Rating
- * two schools earned School of Distinction Honors
- * one school earned a Proficient Rating
- * four schools and the District overall earned High Progress designations
- * 9 of 12 schools and the District met their AMOs and are Progressing
- * both high schools and the District met graduation goals and exceed the state average

Other notable achievements include:

- * Receipt of Department of Defense Education Activity Grant for \$1 million to provide systemic math intervention programs and professional development for teachers.
- * Receipt of two Lenovo grants at the Gateway Academy of Innovation and Technology and a NorthStar Process and Performance Improvement Grant
- * Receipt of a KDE Instructional Transformation Grant through 2019
- * Selected to participate as one of 20 district in KDE's Next Generation Leadership Network
- * Leadership and participation in implementing Senate Bill 200 and the FAIR Team on behalf of students
- * Implementation of equitable discipline practices and Positive Behavior Intervention Supports
- * A well-established relationship with supportive businesses of Christian County through the Christian County Chamber of Commerce's Partners in Education Program
- * Recognized by KDE recently for work with Project Based Learning as implemented at The Gateway Academy
- * Selection of Gateway Academy staff to develop national curriculum models for National Academy Foundation and teacher-created classroom instructional plans selected as national models
- * Focus on developing and implementing systems to provide greater structure and efficient operations
- * Development of a Memorandum of Understanding with local law enforcement and judicial partners to implement a restorative justice program
- * Selected to serve as the Kentucky representative at a White House convening on reforming school discipline practices

While the district celebrates the achievements, there are areas for improvement for the future:

- o Martin Luther King, Jr. Elementary School is identified as "Focus" Schools.
- o Christian County High School is classified as a "Priority" School though it scored at a Distinguished level
- o The achievement gap for African American students and students with disabilities is not closing.
- o Better definition of the continuous improvement process and application to all work occurring throughout the system
- o Analysis and refinement of internal operational processes that are more efficient and effective
- o Continue the conversation with the broader community on defining how to meet the needs of 21st Century learners.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Christian County Public Schools is making strides in improving the overall educational quality as evidenced by our improvements over the past four years--moving from the 22nd percentile to a Proficient rating, increasing from one (1) Proficient school to five (5) Distinguished and one (1) Proficient, having nine (9) schools and the District to meet AMOs, and continuing our work to create continuity throughout the system through structures and continuous improvement efforts.

Much work remains to be done and it will require shared partnerships and responsibilities throughout the larger Christian County community for this to occur. Our focus remains on steady improvement in academic achievement and student development in order to prepare our students for the challenges of global citizenship. We remain very open to suggestions for improvement and desire feedback that will continue our systemic growth as we move forward in realizing our Vision.
