Bullying

The Coffee County School System is a no-bullying school system. The Board of Education believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students **will not be tolerated**.

Bullying, as defined in Georgia law, means an act which occurs on school property, on school vehicles, at school bus stops, or at school-related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of the school system. Bullying is further defined in this handbook glossary on page 41.

Student Withdrawals

Administrators in the Coffee County School System are authorized to withdraw a student who:

1. Has missed more than ten consecutive days of unexcused absences (administrators need to make an effort to determine cause of absences).
2. An unemancipated minor who is older than the age of mandatory attendance who has not completed all requirements for a high school diploma and wishes to withdraw from school must have written permission of his or her parent or legal guardian prior to withdrawing. Prior to accepting such permission, the school principal or designee must hold a conference with the student and parent within two days of receiving notice of the intent of the student to withdraw from school.
3. Is not receiving instructional services from the local school system through homebound instruction or instructional services required by the individuals with Disabilities Act (IDEA).

Withdrawal from School and Return of Materials

Withdrawal forms must be obtained by the parent or custodial person. It is the student's responsibility to return all books and materials to the teachers, and it

is recommended that students moving/transferring to another school or dropping out take their withdrawal form around on the last full day of attendance to have the current grades recorded. All textbooks/materials assigned to the student must be returned at this time. The student must also have the bookkeeper, attendance clerk and media center specialist sign the form, clearing the student of all outstanding books and fines.

Attendance (System Policy)

Attendance is very important to the academic success of all students. Students who are not in class are not getting the required material and instruction needed to meet Georgia standards and to successfully graduate. School administration and faculty will enforce all handbook rules dealing with attendance. Parents, guardians, or other persons with control or charge of children are required to enroll and send students to school.

In accordance with Georgia law, students are required to attend school for 180 days each school term. Any student subject to compulsory attendance laws who has five or more unexcused absences shall be considered truant and subject to system discipline policies and procedures.

Students are expected to attend the entire school day. The Coffee County Board of Education will excuse students from school (this includes tardies and early checkouts) under the following circumstances.

1. Personal illness or attendance in school endangers a student's health or the health of others. The Coffee County Board of Education may require students to present appropriate medical documentation upon return to school for the purpose of validating that the absence is an excused absence (State Board of Education Rule 160-5-1-.10). With proper verification a student may be eligible for hospital/homebound instruction as outlined in State Board of Education Rule 160-4-2-.31.
2. A serious illness or death in a student's immediate family necessitating absence from school. Immediate family includes mother, father, sibling, grandparent, or any family member residing in the student's home.
 - (i) In the event of serious illness in a student's immediate family, the Coffee County Board of Education may require students to present appropriate medical documentation regarding the family member upon return to school for the purpose of validating that absence as an excused absence.
3. A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces for service in the armed forces.
4. Observation of religious holidays.
5. Conditions rendering attendance impossible or hazardous to student health or safety.
6. The Coffee County Board of Education will allow a period not to exceed one day for registering to vote or voting in a public election.
7. A student whose parent is in military service in the armed forces of the United States or the National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences up

to a maximum of five school days per school year to visit with his or her parent prior to such parent's deployment or during such parent's leave.

Dated and signed note from the parent or guardian and/or physician must be given to the student's homeroom teacher or attendance clerk explaining the reason for the absence within three (3) school days of returning to school. The homeroom teacher or attendance clerk will maintain a record of student's excused absences and retain all notes until the end of the school year. Without a note, the absence will remain unexcused. After five (5) handwritten parent notes, the school may require medical documentation/outside documentation in order to excuse an absence.

Suspensions from school are unexcused absences unless the student participates in an off-campus suspension program. School days missed as a result of an out of school suspension shall not count as unexcused days for the purpose of determining student truancy.

The Coffee County Board of Education shall not penalize a student who is serving as a Page in the Georgia General Assembly.

These students should be counted present. Students shall be permitted to make up work when absences are excused. In order to receive credit for makeup work, a student must complete the assignment(s) missed due to absence within five (5) school days (elementary school) and three (3) days (middle and high school) of the students' return to school. If this requirement is not met, there will be no appeals process to redeem the credit lost due to failure to complete work missed during an absence.

Final course grades of students shall not be penalized because of absences if the following conditions are met.

1. Absences are justified and validated for excusable reasons.
2. Make up work for excused absences are completed satisfactorily.

Middle School students who have emergencies necessitating their absence from school for a portion of the school day must have been present for one-half of the instructional day in order to be counted present. When it is necessary for a student to be excused from school for a portion of the school day, the student shall be released only to the student's parent(s), to a person identified to school authorities, or upon request by letter or telephone from the parents.

The Coffee County Board of Education does not require teachers to assign make-up work if absences are unexcused.

Medical conditions verified by a physician or physician designee, which necessitate chronic absenteeism shall be documented in the permanent record and referred to the hospital/homebound program, if appropriate.

If the student is between 14 and 18 years of age and the ten (10) unexcused absences are within the current academic year or the previous academic year, his/her eligibility to obtain or retain an instruction permit or driver's license may be impacted. (O.C.G.A. 40-5-22) § 20-2-690.1.

Mandatory education for children between ages six and 16 is required.

(a) Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthdays. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.

Consequences for Violating the Compulsory Attendance Act

The Compulsory Attendance Act places the responsibility for a child's attendance at school on the "parent guardian, or other person residing within this state having control or charge of any child or children between their 6th and 16th birthdays." Any such person violating the law is guilty of a misdemeanor punishable by a fine not greater than \$100, imprisonment not to exceed 30 days, community service or a combination of such penalties. Each day in violation of the Act constitutes a separate offense. Anyone operating a private school or home study program and not complying with the provisions of the Act is also guilty of a misdemeanor, but the punishment is limited to a fine not to exceed 100 dollars. The act indicates that the "duty and authority to file proceedings to enforce the Act rests with the local school superintendent, visiting teachers and attendance officers.

Public school must provide each student's parent or guardian a written summary of the penalties for violating compulsory attendance laws. Parents, guardians and students ten years of age and older by September 1st should sign a statement that they received this summary and schools should retain those signed statements until the end of each school year. Public school must also notify a child's parent or guardian when the child accrues five unexcused absences, the school must mail the summary or notification to the parent or guardian by First Class Mail, return receipt requested.

Descriptor Code: IDDC-R

Homebound Instruction Programs

If a child has a medically diagnosed physical condition that restricts the child to home or a hospital for 10 consecutive school days for middle school students such child may be eligible for the program. Parents are responsible for notifying the Hospital/Homebound office at 912-389-6769 when Hospital/Homebound services are needed or requested. To receive hospital or home instruction, the student must have a licensed doctor statement stating the need for instruction.

The medical statement form can be obtained from the school office.

The student, who needs to participate in the program, should contact the principal to obtain Hospital/Homebound Referral form as early as possible. The hospital/homebound teacher cannot provide instruction until the referral form has been completed and processed.

NOTE: The student who is absent because of a communicable disease, expulsion, suspension, or uncomplicated cases of pregnancy does not qualify for the hospital/homebound program.

Contact Information and Locator Cards

All current contact information **MUST** be updated after any changes. We need to be able to contact parents/guardians at ANY time regarding your child. Locator Cards must be filled out at the beginning of each year in order for your child to be **ELIGIBLE** for treatment from the licensed school nurse.

Insurance

Accident insurance is offered to all students at the beginning of the school term for school-day coverage or 24-hour coverage. The premium varies from school year to school year. Parents are responsible for purchasing insurance, if desired.

All medications other than the exceptions listed in this policy, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the Coffee County Schools. All medication must be taken by the parent or guardian to the school office immediately upon arrival at school and must be in original pharmaceutical containers, clearly labeled as to the name of the student, the name of the medication, the appropriate dosage, and the times for dosage. Any student possessing prescription or over-the-counter medication not in accordance with these guidelines will be considered in violation of the School District's drug policy and shall be subject to the discipline set forth in the student code of conduct and/or the student / parent handbook.

A student for whom the school has on file supporting medical documentation may carry at all times with parental/ guardian permission inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions authorized by the student's diabetes medical management plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/ her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct.

In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a student's diabetes medical management plan developed and implemented pursuant to state law.

Parents are encouraged to provide to the schools duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or equipment to school.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Such persons also are authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress, regardless of whether the student has a prescription for levalbuterol sulfate. Head Lice

The telltale sign of head lice is head scratching. Lice are very difficult to see until fully grown. The eggs (nits) that are attached to the hair shaft can often be seen shortly after the scratching begins. To avoid a family infestation, observe your child for scratching by checking family members once a week for

signs of nits and remove them at the first signs of infestation. Also, encourage your children not to share anything used on or near the head such as combs, hats, helmets, pillows, etc. Please contact your school nurse for instructions to treat your child safely if you suspect him/her of getting lice. Never use home remedies such as kerosene or insecticides that will harm your child. If you find head lice/nits in your child's hair, please notify the school nurse. The school nurse can advise you how to treat appropriately, how to manually remove nits, and treat your household before returning to school. Upon return to school, bring your child to the clinic first so the school nurse can help you be sure your child is free of nits before returning to class. Coffee County schools are "No Nit" schools and nits must be completely removed for school attendance.

Automated External Defibrillator (AED) Drills

In case of a cardiac emergency, each school has an Automated External Defibrillator on campus for use on adults and/or students. Each campus has a "Code Blue" team that has been trained to react in this type of emergency.

Fire Drills

In case of a fire emergency, the signal to evacuate the building will be sounded by the emergency alarm. There is an evacuation plan posted in each room. Misconduct is NOT TOLERATED during these drills.

Tornado Drills

In case of a tornado emergency, the alarm will sound. Everyone will go to his/her assigned area in the corridor or inside wall and immediately assume the "tornado position" instructed them by their teacher. Misconduct is NOT TOLERATED during these drills.

School Environment Levels Of Operation

Level 1 – A normal school day. Instructional time should be MAXIMIZED. Students should NOT be out of the classroom without supervision or a hall pass. Doors should be locked at all times.

LEVEL 2 – "Soft Lockdown" All students and staff are to clear the hallways, doors MUST be locked. Class activities may remain as normal. Wait for all clear to be announced.

Level 3 – "Hard Lockdown" The entire school goes on lockdown, all activities **STOP**, doors are locked, lights are turned off, and silence is maintained throughout the building. All staff and students remain on LOCKDOWN until an administrator or law officer OPENS the door.

School Nutrition Program

Nutrition is a very important part of the education process since a hungry child cannot learn! It is our privilege to provide **free breakfast and lunch to all students in all Coffee County schools** through the Community Eligibility Provision program. Previously, the CEP program was only available at elementary and middle school levels in Coffee County; however, CEP will begin a pilot program at Coffee High School in the 2017-18 school year.

Extra items are available for purchase at a minimal cost. Meals must be paid at the time if money is not available in the child's meal account. **NO CHARGING ALLOWED.**

If a child brings his/her lunch, the drink must be in a thermos or other sealed, unbreakable container. Students are not to bring canned or bottled drinks to school. Food from commercial establishments is not to be delivered or served

unbreakable container. to students.

Coffee County School Nutrition meals adhere to the USDA dietary guidelines and requirements. Our menus are analyzed to reduce calories from fat while ensuring proper amounts of nutrients and total calorie intake for different age groups. Monthly menus are available on the Coffee County schools' webpage. Weekly menu calendars are also published in the local newspaper. Each cafeteria has a computer program for tracking meals. Parents may call the school nutrition manager's office if they have any questions about your child's account.

Grading Information and Report Cards

Progress reports are issued at the midpoint of each 9-week grading period, so students and parents have information about student's academic progress. These progress report grades are an important communication between the teacher, student, and parent. Two of these reports are issued on parent-teacher conference day and one report is issued in homeroom at the beginning of second semester. All grade changes must be made within 14 school days of the next grading period. Only the principal can grant a waiver beyond the 14 calendar days for make-up work.

Testing Program

The purposes of the Georgia Student Assessment Program are to measure student achievement of the state mandated curriculum, to identify students failing to achieve mastery of content, to provide teachers with diagnostic information, and to assist school systems in identifying strengths and weaknesses in order to establish priorities in planning education programs.

Our district has specific local testing protocols in place in addition to state mandated procedures that will protect the integrity of the testing program as well as the staff supervising and administering tests. In addition, each school is required to annually update its testing plan.

All staff involved with test administration are trained in the Code of Ethics for testing and the ramifications for violations of those ethics. Documentation is maintained at each school site.

School Sponsored Non-Instructional Student Activity

Georgia Law and State Board policy allow a student time away from classes for school sponsored non-instructional activities (SA – Student Activity) up to 10 school days per year. Student Activity (SA) is out of school for all classes as a part of an extra-curricular program of the school. These events do not count as absences. The student is responsible for contacting the teachers concerning class work missed due to the student activity. Class work that was assigned prior to the non-instructional event may be due on the first day the student returns to class. Sponsors/coaches/advisors are required to send teachers a list of students that will be attending the student activity.

Child Find

Child Find is a process of locating, identifying, and evaluating children with disabilities to ensure they receive services to which they are entitled. The Individuals with Disabilities Education Act (IDEA) requires school systems to locate and identify disabled students. Children and youth, from birth to age 21, within the Coffee County School District and are suspected of having a disability, may be referred for possible services. For more information about referring a child you may contact Special Services at 384-2086.

Section 504 Procedural Safeguards

1. Overview: Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. Hearing Request: The Request for the Hearing must include the following:

- a. The name of the student.
- b. The address of the residence of the student.

- c. The name of the school the student is attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time.

If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The

impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.

- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision: The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

6. Review: If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

Coffee Middle School PBIS Mission

What is Positive Behavior Intervention and Support (PBIS)?

Positive Behavioral Interventions and Supports (PBIS) is an evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school's sense of safety and support improved academic outcomes. The premise of PBIS is that continual teaching, combined with acknowledgment or feedback of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety, and learning.

COFFEE COUNTY SCHOOL SYSTEM STUDENT ACCEPTABLE USE AND INTERNET SAFETY POLICY

The Coffee County School System is pleased to make available to students access to the school computer network and the Internet.

In order for the school system to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While teachers and staff make reasonable efforts to supervise student use of network and Internet access, they must have student

cooperation in exercising and promoting responsible use of this access. Below are the Student Acceptable Use and Internet Safety Policy of the school system. Students will enjoy Internet access at school when the form in the center of this handbook has been completed and returned to the school. By completing and returning the form, the student agrees to follow the policy. If a student is under 18, he or she must have his or her parents or guardians read and sign the policy. The school system cannot provide access to any student 18 or older who fails to sign and submit the policy to the school as directed. Nor can the system provide access to any student under 18 who does not return the completed form.

Listed below are provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact your school's designated person. Violation of any part of this agreement will result in the loss of the student's access and he or she may be subject to additional disciplinary action.

I. PERSONAL RESPONSIBILITY

By signing this policy, you are agreeing to follow the rules in this policy and to report any misuse to the person designated for such reporting. Misuse means any violations that have the effect of harming another or his or her property.

II. TERMS OF PERMITTED USE

Students will be asked to sign a new policy as needed before they are given an access account.

III. ACCEPTABLE USES

A. Educational Purposes Only. The school system is providing educational purposes only. When in doubt, don't.

B. Unacceptable Uses of Network. Among the uses that are considered unacceptable and which constitute a violation of this policy are the following:

1. Uses that violate the law or encourage others to violate the law, including transmission of offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the school system's Student Behavior Code Policy; viewing, transmitting or downloading pornographic materials; intruding into the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, users should assume that all materials are protected unless there is explicit permission on the materials to use them,
2. Uses that cause harm to others or damage to their property, including defamation (harming another's reputation by lies); using another's password or some other user identifier that misleads message recipients into believing that someone other than yourself is communicating or otherwise using his/her access to the network or the Internet; upload a "worm," virus, "Trojan horse," "time bomb" or other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems,
3. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet, and

4. Uses that are commercial transactions. Users may not sell or buy anything over the Internet or email. You should not give others private information about you or others, including credit card and social security numbers.

C. Netiquette. All users must abide by rules of network etiquette, which include the following:

1. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.
2. Avoid language that may be offensive to other users. Don't use access to make, distribute, or redistribute jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.
3. Don't assume that a sender of e-mail is giving his or her permission for you to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should only be done with permission or when you know that the individual would have no objection.
4. Be considerate when sending attachments with e-mail. Be sure that the file is not too large to be accommodated by the recipient's system and is in a format, which the recipient can open.

IV. INTERNET SAFETY

A. General Warning; Individual Responsibility of Parents and Users.

All users and their parents/guardians are advised that access to the network may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for his or her use of the computer network and Internet. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the school.

- B. Personal Safety.** Be safe. In using the computer network and Internet, do not reveal personal information such as your home address or telephone number. Do not use your real last name or any other information that might allow a person to locate you without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the computer network or Internet without your parent's permission (if you are under 18). Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.

- C. "Hacking" and Other Illegal Activities.** It is a violation of this policy to use the school's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

- D. Confidentiality of Student Information.** Identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is

18 or over, the permission of the student himself/herself. Users should never give out private or confidential information about themselves or others on the Internet or through email, particularly credit card and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by Georgia law, for internal administrative purposes or approved educational projects and activities.

- E. **Active Restriction Measures.** The Coffee County School System will utilize filtering hardware/software or other technologies to prevent students from accessing visual depictions that are obscene or harmful to minors. The school system will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material that is inappropriate for minors.

Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older. The term "harmful to minors" is defined by the Communications Act of 1934 (47 USC Section 254 [h] [7]), as meaning any picture, image, graphic image file, or other visual depiction that

- taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

VI. FAILURE TO FOLLOW POLICY

The user's use of the computer network and Internet is a privilege, not a right. A user may violate this policy by his or her own action or by failing to report any violations by other users. Further, a user violates this policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The school system may also take other disciplinary action in such circumstances.

Student Reporting of Acts of Sexual Abuse or Sexual Misconduct

1. Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.
2. Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. If the principal is the person accused of the sexual abuse or sexual misconduct, the oral and written reports should be made to the Superintendent or the superintendent's designee.
3. Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney. Reports of acts of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the

investigation of the allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee shall make an immediate report as indicated in section (c) and to the Professional Standards Commission Ethics Division.

Part III: Code of Conduct and Progressive Discipline

Authority of the Principals

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school.

Code of Conduct

It is the purpose of the Coffee County School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within that district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct. This code would require students to conduct themselves at all times in an orderly manner to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- at school, school bus stop, or on school property at any time;
- off school grounds at any school activity, function, or event and while traveling to and from such events;
- on vehicles provided for student transportation by the school system.
- Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Parents and guardians are also encouraged to inform their children on the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

Code of Conduct/Parental Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two - way

communications through personal contacts are extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code, which may result in a school staff member's request that a parent or guardian come to the school for a conference.

Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Chronically Disruptive Students

1. Once a student receives 8 for CMS
2. Chronic Discipline letter will be sent to parents.
3. Tribunal may be requested.

Note: Students fighting on school grounds (this includes at the stadium, bus stops, etc.) may be taken by law enforcement and/or the school resource officer to the law enforcement center. Parents will pick up student at the law enforcement center. (Student and/or parents may be fined through the court system.)

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify the student's parent or guardian by telephone call and by mail of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobey an order of the court under this law. O.C.G.A 20-2-766.1

Students returning from Expulsion or Alternative School

Upon returning to CMS, these students will be issued a contract that explains and specifies expectations of behavior and effort. Failure to meet the identified expectations may result in 10 days suspension pending tribunal.

Corporal Punishment

Georgia Law 20-2-730 allows for corporal punishment to be administered. It also provides that the parent/guardian may request an exemption. If parents do not want their student to be paddled, this form can be obtained from the school and must be

signed by the parent or legal guardian. An alternate punishment will result in detention, in-school suspension, and/or suspension from school.

Progressive Discipline Procedures

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time Out
- Temporary Removal from Class or Activity
- Notification of Parents
- Corporal Punishment
- Detention
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The School will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined by a disciplinary tribunal as outlined in the Coffee County Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student book bags, school lockers, desks, and other school property are subject to inspection and search by school authorities at any time without further notice to students or

parents. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities, which occur outside normal school hours or off the school campus at the discretion of administrators.

Progressive Discipline

CMS, FC, and CHS Progressive Discipline procedures adhere strictly to state law and is divided into four levels. The administration will determine the appropriate consequence. Consequences are for the year.

(O.C.G.A. 20-2-735)

Section IV: Coffee County Schools Athletic Program

Each year more and more students become involved in school athletics. Even under ideal circumstances, anyone who engages in physical activity is subject to the possibility of injury. According to the National Athletic Trainers' Association, over 1.3 million student-athletes (about 1 out of every 7) are injured each year. Fortunately, the vast majority of these injuries are minor. With proper training, conditioning, instruction, diet, and rest habits many of these potential injuries can be eliminated or significantly reduced.

Coffee County Schools Athletic Program Policies

Objectives of Participation

The interscholastic athletic program should provide opportunities that will allow the program to serve as a laboratory where students may cope with problems and handle situations similar to those encountered under conditions prevailing in the contemporary world. The laboratory should provide adequate and natural opportunities for:

- A. Physical, mental, emotional growth and development.
- B. Acquisition and development of special skills in activities of each student's choice.
- C. Team play with the development of such commitments as loyalty, cooperation, fair play, and other desirable social traits.

- D. Directed leadership and supervision that stresses self-discipline, self-motivation, excellence, and the ideals for good sportsmanship that make for winning and losing graciously.
- E. A focus on interests on activity programs for student body, faculty, and community that will generate a feeling of unity.
- F. Achievement of initial goals as set by the school in general and the student as an individual.
- G. Provisions for worthy use of leisure time in later life, either as a participant or spectator.
- H. Participation by the most skilled that will enable these individuals to expand possibilities for the future vocational pursuits.

160-5-1.18 GRADES 6-8: COMPETITIVE INTERSCHOLASTIC ACTIVITIES.

A. PURPOSE. The state board supports the offering of competitive interscholastic activities subject to reasonable rules and regulations that prevent any participation from interfering with the academic achievement of students.

B. DEFINITIONS.

1. Competitive interscholastic activities - any function held under the

auspices or sponsorship of a school that involves its students in competition between individuals or groups representing two or more schools. Cheerleading, bands, and chorus are included in this definition if the members compete in scheduled activities with students representing a different school.

2. School day - the period between the time students are required to report and the time of dismissal as specified by the local board of education.

C. REQUIREMENTS.

1. Each local board of education shall adopt a policy regulating competitive interscholastic activities for grades 6-12.
2. The school principal shall regulate competitive interscholastic activities in his or her school and shall ensure that all staff members adhere to requirements.
3. Each school principal shall maintain documentation and upon request provide evidence that the following requirements are met:
 - a. Student Eligibility.
 - i. For determining student eligibility, the grading period shall be either a quarter or a semester as specified by local board of education policy. The same period shall also be the minimum length of the ineligibility period.
 - ii. Students participating in competitive interscholastic activities shall pass a minimum of 3 subjects carrying credit toward grade promotion in the local board- designated grading period immediately preceding participation.
 - a. Students initially enrolling in the first quarter or semester of the sixth grade are exempt from this requirement.
 - b. (II) Exploratory subjects taken during the same quarter or semester are averaged to count as one subject for eligibility purposes.
 - iii. Students participating in competitive interscholastic activities shall be enrolled full time in a public school
 - iv. Physical Examinations. All students who participate in competitive interscholastic athletics and cheerleading shall have an annual physical examination prior to participation in any tryout, practice or conditioning, whichever comes first. The physical examination form shall indicate approval for participation and be signed by a doctor of medicine or a doctor of osteopathy. The physical examination form shall also include the date that the exam was performed (month, day, year), the student's name and the physician's signature.

REQUIREMENTS FOR PARTICIPATION

The following must be met:

- A. Physical exam completed and signed by a doctor and on file with the Athletic Director.
- B. Proof of insurance. The athletic department will also provide insurance, but any expense that is not paid by the combination of insurance is the responsibility of the parent/guardian and NOT the Coffee County School System.
- C. Passing at least 3 of 4 academic classes.

In some instances, the rigors of practice and competition can make maintaining grades difficult. Any athlete who needs tutorial help should contact his/her coach and subject matter teacher before failing a class. Coffee Middle School cares about its athletes and their academic performance.

DROPPING A SPORT

Quitting is an intolerable act or habit to acquire. Many of our society's problems are brought on by an attitude that supports "the easy thing to do." Participation in sports at Coffee Middle School is a privilege, not a requirement, a privilege that can be lost if a student athlete does not take responsibility seriously. We realize, on occasions, an athlete may find it necessary to drop a sport before the completion of that season of competition. The following procedure will be followed or you will be denied any participation in athletics for 12 calendar months.

1. Talk with your coach before you quit.
2. The coach must agree that the decision is justified.
3. Report to the Athletic Director with your coach.
4. If you are granted permission to quit a sport, you may be allowed to start practicing another sport.
5. This policy does not involve tryouts and/or cuts.

**Returning to a sport the athlete has quit before is permitted, only after the athlete successfully completes an Athletic Department running program and meets any other requirement presented in the policy manual.

EQUIPMENT

School equipment checked out and used by an athlete is his/her responsibility.

Loss of equipment is the financial responsibility of the athlete. Cost will be at replacement value.

CODE OF CONDUCT: ATHLETES

Athletes are expected to conduct themselves as exemplary representatives of Coffee Middle School and the community. This representation is both in the athletic arena as well as out of the arena. Should an athlete become engaged in criminal activities, use of illegal drugs, under age use of alcohol, showing behavior detrimental to team performance or behavior unbecoming of a representative of Coffee Middle School. The athlete will be suspended from participation pending an investigation. A meeting between athlete, parent/guardian, coach, and administration will also be required. After that meeting, punishment will be determined. Punishment may include but is not limited to the missing of scheduled contests, physical exercise, physical assistance with an after school work project or any other punishment deemed appropriate by the coach and athletic director.

Repeat offenses will result in the appropriately more severe punishment. These offenses are handled on a case-by-case basis with the best interest of the school, team, and student as the focal point.

Strength and Conditioning

Strength and conditioning is no longer just an advantage for athletes. A strength and conditioning program is recommended for any student athlete who is serious about participating in interscholastic athletics. The health and injury prevention benefits from strength and conditioning are a must for a student athlete. The Athletic Department will approach strength and conditioning from a preventive standpoint. Always know that the high school athletic staff is dedicated to the constant well-being and preparation of every student athlete in our program, regardless of the sport or sex of the athlete.

Athletic Accident Insurance: Coffee County Board Of Education provides a supplemental accident insurance policy to all school student-athletes. This policy is at no cost to the student-athlete. This insurance policy is activated once the student-athlete's primary insurance has paid all it is going to pay. This policy may not pay the bill in full, so there is a possibility of some residual amount left to be paid by the parent/guardian of the student-athlete. In the case where the student-athlete has no primary insurance coverage, this policy becomes the primary and will pay a small amount toward the cost of the medical bills incurred due to the accident while participating in high school athletics. Due to the inherent risk of injury while participating in athletics, the Athletic Department at Coffee Middle strongly encourages all participants to have a primary insurance carrier. The cost of healthcare in America is great and without insurance that cost falls directly on the student-athlete or parent/guardian of the student-athlete and not Coffee County schools or the Coffee County Board of Education. Should you have any questions concerning school insurance policy, please see the Athletic Director at your convenience.

Filing an Athletic Insurance Accident Claim

The Coffee County School System provides a supplemental insurance policy for every athlete that participates at Coffee County schools. It is the responsibility of the parent/guardian to file the insurance claim. The following steps, if followed properly, will ensure payment by this supplemental insurance policy

1. File on individual or family insurance policy first.
2. Pick-up an insurance claim form from the Athletic Director, Athletic Trainer or Coach.
3. Complete Part II on the Notification of Injury Form. DO NOT leave any blank spaces and DO NOT write N/A in any space.
4. On the reverse side of the Notification of Injury Form is a step by step Claim Instruction guide.

Physicals are GHSA Policy

All students who participate in athletics must have a current physical on file with the athletic trainer. GHSA policy requires that a "licensed medical doctor" perform this physical. The physical must be obtained prior to participating in any practice, scrimmage, or game. Physical forms may be picked up at any time from the athletic trainer or athletic director at middle school campus.

Team Medical Release Information

Prior to participating in athletics in Coffee County, the student-athlete must complete several forms. These forms include the pre-participation physical exam, parental consent to participate, covenant not to sue, and insurance information sheet. The forms have been condensed for your convenience.

Each section requires a parental signature and must be returned to the athletic trainer/athletic director. It is very important that the insurance information sheet is filled out correctly. This information provides us with the names and phone numbers of who to contact in case of an emergency, any special medical information on the student-athlete, and a statement authorizing medical care in the event that a parent/guardian cannot be reached to authorize such care. These forms are copied and the head coach of each sport is given a set that goes along with the student-athletes participating in that sport.

In the Event of an Injury

It is inevitable that injuries are going to occur. **All athletic injuries**, which happen during practices, scrimmages, or games in Coffee County schools **should be reported to the Athletic Trainer as soon as the student-athlete realizes they are hurt.**

The Athletic Trainer will then evaluate the injury and based on this evaluation make a recommendation as to what is the best avenue of care. In the case of minor injuries, where a referral to the physician is not warranted, treatment can be done at the school in the training room on a daily basis. Times of treatment will be worked out between the Athletic Trainer and the student-athlete based on his/her academic schedule.

When a physician referral is needed, the student-athlete's parent/guardian will be contacted by the Athletic Trainer and informed on the nature of the injury. Following this conversation, the parent/guardian will make the decision on if they wish to carry out the recommendation by the Athletic Trainer and which physician to use for primary care. The Athletic Trainer can assist the parent/guardian in setting up these appointments in a timely manner. In order for the student-athlete to be released back into participation following a physician visit, a written release must be received by the Athletic Trainer.

We are also very fortunate in the region that we compete in, that all the schools have ATC's on staff in some capacity. This is helpful when Coffee County teams travel and the ATC is not able to travel with them. The host ATC may evaluate the injury, provide basic care for the injury and then refer the student-athlete back to the Athletic Trainer at Coffee for follow-up care. It is very important that ALL athletic injuries be reported to the Athletic Trainer when they occur.

General and Follow-up Care

In order for the student-athlete to recover from their athletic injuries, it is important that they make every effort to come to the training room on a daily basis for treatment and rehabilitation. This routine will need to be followed until the Athletic Trainer has determined that they have recovered sufficiently and are ready to resume with stress placed on their injury due to specifics of their sport. Due to the number of athletes we deal with in Coffee County, it is not always feasible for the Athletic Trainer to track down the injured student-athlete if they do not show up for treatment. Getting to treatment is the responsibility of the student athlete.
