Parents/Guardians who want their child and/or children to attend a school outside of their zone, must complete the transfer application and submit it to the Office of Student Services on or before April 19, 2019. Once the application has been processed and a transfer has been granted, a parent/guardian must present the approval letter to the approved school listed for transfer immediately. Please make sure that students are registered at the school they are zoned for. The transfer school will send for their records.

Decisions on placement for pre-kindergarten will be made at each school after screenings are complete. Children are ranked in order of greatest need for participation based on the Child Early Reading and Development Education Program (CERDEP) guidelines. Placement is not based on a first come first served basis. Transfer from one school to another school DOES NOT guarantee placement at the new school.
