## California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2017-18)

Cottonwood Union School District is located in Shasta County and encompasses 200 square miles along the Shasta-Tehama County Line. Cottonwood Union School District is comprised of two schools, North Cottonwood Elementary School (K-4) and West Cottonwood Junior High School (5-8). The schools have consistently earned the reputation for high academic standards, extremely safe, well-disciplined campuses, and a school environment that is conducive to learning and parent participation.

North Cottonwood has an outstanding staff consisting of 24 teachers, one curriculum coach, fourteen instructional aides, four special education aides, two supervision aides, one librarian, two secretaries, one health clerk, two custodians, one psychologist, and one principal. In addition, the school has a kitchen staff of two that serves both breakfast and lunch.

Students at North Cottonwood School are guided by specific rules and classroom expectations that promote respect, communication, empowerment and community. The school's discipline philosophy is based on a community-building approach to education, a partnership between students, parents and the school, and a balance between support and accountability structures. Parents and students are informed of discipline policies through the student handbook and principal's newsletters. The principal meets with all new students and parents before they attend class and communicates to them the high standards of student behavior and the dress code. All staff members enforce the school rules in a fair and equitable manner and unacceptable behavior is quickly communicated to parents. A referral system is in place to deal with serious and recurrent student management problems in a timely manner and in-house and/or at home suspension are used to handle aggressive student behavior.

## School Facility Conditions and Planned Improvements

North Cottonwood School opened its doors in January 2007. It is currently comprised of 27 classrooms, a library, a computer lab, one staff room, a multipurpose room with a stage, a school office, a playground with three large play structures, a preschool playground, and a large grass area. At the time of publication (February 2018) 100% of all toilets on campus were in working condition.

A team of two custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. Cottonwood Union School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
