

# Crawford County Schools

*Crawford County Board of Education*

Mr. Brent Lowe, Superintendent

Phone: (478) 836-3131

Dear Parent/Guardian of Athletic Participant,

The purpose of this letter is to welcome your student athlete into the athletic program at Crawford County Schools. We want the athlete to enjoy his/her association with other members of the team and learn all he can from our coaches.

Our primary concern for the student athlete involves his/her safety and health while he/she is a participant in our athletic program. Although every member of our athletic staff is a professionally trained coach who will teach your student athlete proper skills, there is a chance of injury while playing any sport. We sincerely hope this does not happen, but because it is possible, we must notify each player and parent/guardian of the possibility of an injury while playing.

We need each participant and parent/guardian to sign this notice and acknowledge that they have read this letter and will not hold the school system liable for any accident or injury that may occur while the undersigned participant is playing sports for the Crawford County School System.

Sincerely,

Clyde Zachery

Director of Athletics

---

I have read the above letter and will not hold the school liable for any accident or injury that may occur while the undersigned student is playing sports.
