Plan Revised August 09, 2016

What is it?

This is a plan that describes how Crawford County High will provide opportunities to improve parent engagement to support student learning. Crawford County High values the contributions and involvement of parents to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Crawford County High will support family engagement and how families can help plan and participate in activities and events to promote student learning at school and at home.

How is it revised?

Crawford County High School invited all parents to attend our annual School Forum last spring to review and revise this parental involvement plan, as well as the schoolwide plan, our school-parent compact and the parental involvement budget. Additionally, parent input and comments regarding this plan are welcome during the school year by emailing Family Engagement Coordinator Scarlet Sanders at scarlet.sanders@crawfordschools.org. The plan is posted on our district website for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey that can be completed either online or by paper requesting suggestions on the plan and the use of funds for parental involvement. Parents can also give feedback during several parent meetings and activities during the school year.

Who is it for?

All students participating in the Title I, Part A program and their families are encouraged and invited to fully participate in the opportunities described in this plan. Crawford County High will provide full opportunity for the participation of parents with limited English, parents with disabilities and parents of migratory children. Request for special accommodations, such as an interpreter, must be made in writing 24 hours prior to the event so adequate accommodations can be made.

Where is it available?

At the beginning of the year, the plan is given to all parents/guardians at the scheduled Open House event. The plan will also be posted on the district website. Parents can also obtain a copy of the plan in the Family Resource Center.

What is Title I?

Crawford County High is identified as a Title I school as part of the Elementary and Secondary Education Act of 1965 (ESEA). Title I is designed to support State and local school reform efforts tied to challenging state academic standards to reinforce and enhance efforts to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support parental involvement. All Title I schools must jointly develop with all parents a written parental involvement plan.

School-Parent Compacts

As part of this plan, Crawford County High and our families will develop a school-parent compact, which is an agreement that parents, teachers, and students will develop, that explains how parents and teachers will work together to make sure all students reach grade-level standards. The compacts will be reviewed and updated annually based on feedback from parents, students, and teachers during the School Forums held in the spring. Once you read and review the school-parent compacts, the signature page should be returned to the school. If parents need a copy, one can be obtained from each child's advisement teacher.
