SUBJECT: Adding a new bus route 01-1

Parents of Route 00-6,

In an effort to support safe bus transportation of all students, Dade County Schools will be adding an additional morning route to the Sand Mountain, Davis Elementary area. Currently, the afternoon route 00-6 transports elementary only while a second bus transports high and middle school students home.

Beginning Monday morning, October 16, 2017, bus 01-1 will be added to the morning route to transport high and middle school students only. Bus 00-6 will still arrive at the normal pick up time receiving elementary students **ONLY**. Bus 01-1 will arrive approximately 10 minutes later picking up high and middle school students **ONLY**. If your elementary child misses their assigned bus 00-6, they cannot ride bus 01-1 as that bus will not travel to Davis.

Sincerely,

A handwritten signature in black ink, appearing to read "James Cantrell".
