

Dear Parents and Families,

Parent to Parent of Georgia and Dade County Schools are working together to help provide families with information regarding resources and questions concerning special programs.

- Are you looking for resources in your community?
- Would you like to connect to another parent?
- Are you looking for information on the special education process?

If you answered yes to any of these questions, please join us as Deana Bohannon from Parent to Parent of Georgia (P2P) shares information on P2P's services and supports. At this meeting, you will get a snapshot of P2P's resources, trainings, and supports that are available for families of children with disabilities and special health care needs. All services offered by P2P are free of cost.

Date: October 18, 2017
