

Alabama Southern

Your best choice for a great education...a bright future...a terrific job

There's no better place to begin a college degree than at Alabama Southern Community College. We have an impressive selection of programs ranging from two-year associate degrees to certificate courses that can put you on the road to a new career in less than a year. We offer small classes with individual attention, and our dedicated faculty is committed to your success.

Visit Alabama Southern and discover America's most innovative community college. Our classrooms are filled with cutting edge technology, but we're still grounded in tradition. Whether you plan to get a job immediately after graduation or transfer to a four-year university, Alabama Southern is your best choice!

Programs of Study University Transfer

The first two years of any four-year major can be completed at Alabama Southern. Associate in Arts and Associate in Science degrees require two years to complete. Alabama Southern has developed a university transfer guide with curricula that correspond to the first two years of various majors at senior institutions. The Associate in Arts and Associate in Science degrees enable students to transfer to any four-year college as a junior with all general requirements fulfilled.
