

# TOP TEN REASONS

## to Attend Alabama Southern

**1 The money you'll save!**  
ASCC is a fraction of the cost of a four-year college. In fact, start your first two years at ASCC and you'll save enough to pay for your third year at a university!

**2 A Top Quality Education.**  
ASCC graduates who transfer to a university do just as well or better than those who enter a four-year college as a freshman. And, many students in our career technical programs have jobs before they graduate!

**3 Transfer to a University with Ease and Success.**  
No worries about your academic credits transferring. Complete your first two years of a four-year degree at ASCC and transfer as a junior to a four-year college with all core requirements fulfilled.

**4 It's All About You and Your Success.**  
You won't get more personalized attention anywhere else. From your first day at ASCC, we get to know you, your goals, your needs and the best way you learn.

**5 Two-Year Programs lead to Big Paychecks.**  
Our technical career program graduates bag some of the highest-paying jobs around. ASCC's labs in Thomasville are among the best in the South.

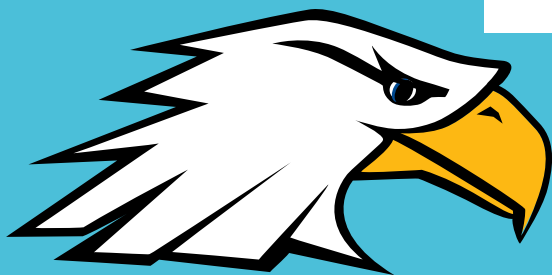

**6 Flexible Schedules.**  
Day, evening and online classes are offered to make college more convenient for you.

**7 Instructors know your name.**  
Our top notch instructors focus on you. Small class sizes guarantee you get the attention you deserve.

**8 Friendly Financial Aid office.**  
Applying for financial aid and scholarships doesn't have to be overwhelming! We're here to make it easier for you to get the financial assistance you need.

**9 Winning school spirit!  
Go Eagles!**  
ASCC sports teams have a strong winning tradition. Get into the spirit and support the Eagles!

**10 Student Life Rocks.**  
It's not just about inside the classroom. Socials. Movie Nights. Volleyball. Student Organizations. Meet new friends and get involved!
