1st Grade Parent Resources		
3rd nine weeks		
MS-CCRS Math	**Teaching Videos**	**Focus Skill for Lesson**
1.NBT.1	• Number Grid	Count, read, write numerals, and represent a number of objects to 80.
1.NBT.4	• Understanding 2-digit numbers (practice) • Adding 1 vs. adding 10 • Understanding place value when adding tens (23 + 30) • Understanding place value when adding ones (37 + 2) • Regrouping to add 1-digit number	Add within 100. Use models, drawings, and strategies based on place value to add a two-digit number to a one-digit number and a two-digit number to a multiple of 10.

	• [Adding by making a group of 10](#)	
	• [Adding multiples of 10 with an open number line](#)	
1.NBT.5	• [Adding 1 vs. adding 10](#) • [Mentally add or subtract 10](#)	Mentally add 10 more/less to any number; represent and explain reasoning used.
1.OA.1	• [Addition and subtraction word problems: superheroes](#) • [Addition and subtraction word problems: gorillas](#)	Represent and solve addition and subtraction problems to 15 with the unknown in all positions by using objects, drawings, and equations. (*See Table 2 – Add to, Take from, Put together, Take Apart, and Compare*)

	• [Comparison word problems: marbles](#) • [Comparison word problems: roly-polies](#)	
1.OA.2	• [Adding 3 whole numbers](#) • [Add 3 numbers (practice)](#)	Solve word problems with addition of three whole numbers whose sum is less than or equal to 15.
1.OA.3	• [Associative property of addition](#)	Apply the associative (when adding 3 addends in any order, the sum doesn't change) property of addition, as it connects to objects, drawings, equations, and symbols.
1.OA.4	• [Missing number within 20 (practice)](#)	Subtract unknown-addend problems within 20 using objects, pictures, equations, and symbols.

1.OA.7	• [Equal sign](#) 	Understand the meaning of the equal sign, and determine if equations involving addition and subtraction are true or false as it relates to different representations of objects, pictures, and equations within 20.
1.OA.8	• [Relating addition and subtraction](#) 	Find the unknown number in an addition or subtraction equation relating three whole numbers within 10. *(This is related to fact families.)*
1.MD.5	• [Values of coins](#) 	Identify the values of all U.S. coins and know their comparative values. Use appropriate notation.
1.G.2	• [Composing shapes](#) 	Compose two- and three-dimensional shapes to make a composite shape.
