

1 st Grade Parent Resources		
4 th nine weeks		
MS-CCRS Math	Teaching Videos	Focus Skill for Lesson
1.NBT.1	<ul style="list-style-type: none"> • Number Grid  • Missing Numbers between 0 and 120  	Count, read, write numerals, and represent a number of objects to 120.
1.NBT.4	<ul style="list-style-type: none"> • Understanding 2-digit numbers (practice)  • Adding 1 vs. adding 10  • Understanding place value when adding tens (23 + 30)  • Understanding place value when adding ones (37 + 2)  	Add within 100. Use models, drawings, and strategies based on place value to add a two-digit number to a one-digit number, a two-digit number to a multiple of 10, and a two-digit number to a two-digit number.

- [Adding 2-digit numbers without regrouping \(71 + 24\)](#)

- [Adding 2-digit numbers without regrouping 2](#)

- [Breaking apart 2-digit addition problems](#)

- [Regrouping to add 1-digit number](#)

- [Adding by making a group of 10](#)

- [Adding multiples of 10 with an open number line](#)

1.NBT.6	<ul style="list-style-type: none">• Subtract multiples of 10 with a number line • Subtract multiples of 10 using place value 	Subtract multiples of ten from multiples of ten (10 through 90).
1.OA.1	<ul style="list-style-type: none">• Addition and subtraction word problems: superheroes • Addition and subtraction word problems: gorillas • Comparison word problems: marbles • Comparison word problems: roly-polies 	Represent and solve addition and subtraction problems to 20 with the unknown in all positions by using objects, drawings, and equation. (<i>See Table 2</i>)

1.OA.2	<ul style="list-style-type: none">• Adding 3 whole numbers • Add 3 numbers (practice) 	Solve word problems with addition of three whole numbers whose sum is less than or equal to 20.
1.OA.3	<ul style="list-style-type: none">• Identity property of addition • Commutative property of addition • Associative property of addition 	Apply the properties of operations to add and subtract.
1.OA.8	<ul style="list-style-type: none">• Relating addition and subtraction 	Determine the unknown number in an addition or subtraction equation relating three whole numbers within 20. (<i>fact families</i>)

1.MD.4	<ul style="list-style-type: none">• Reading bar graphs: dog bones • Using a bar graph 	Collect, organize, analyze, and interpret data with up to three categories.
1.MD.5	<ul style="list-style-type: none">• Values of coins 	Identify the values of all U.S. coins and know their comparative values. Use appropriate notation. Find equivalent values of all U.S. coins.
1.G.3	<ul style="list-style-type: none">• Halves and fourths 	Partition circles and rectangles into two and four equal shares.
