Camp Invention® is a program of the **National Inventors Hall of Fame®**, a nonprofit organization dedicated to advancing the future of innovation. Camp Invention was designed 28 years ago to introduce children to the process of invention early on. Exposure to the invention process is valuable for all children because it inspires collaboration, encourages entrepreneurship, ignites creativity, exercises problem solving skills and builds an understanding that failure is a necessary point on the path to success. **All programs are led by experienced local educators and grouped by grade level.**

*"It's **impossible** not to have fun."*
